Miller Hot Sauce Animal Repellent is a water-miscible, highly concentrated extract, derived from hot peppers. It is used to repel Deer, Rabbit, and Meadow & Pine Mice (*Microtus* Sp.) from agricultural trees and shrubs and dormant fruit and nut trees. Miller Guard, a lightweight, clear film former, is used to prolong the life of the Miller Hot Sauce Animal Repellent by reducing the effects of weathering factors.

DIRECTIONS FOR USE

Miller Hot Sauce Animal Repellent is to be applied to plants in a manner consistent with its labeling.

MIXING DIRECTIONS: Combine 1 to 2 ounces of Miller Hot Sauce Animal Repellent with 1 to 2 quarts of Water (or 1 to 100 gallons of water (2 Tbsp. Miller Hot Sauce Animal Repellent per 100 gallons of water) or 1 to 12 1/2 gallons of water.)

Apply as a foliar spray to the trunks, branches and foliage, as needed, to repel animals.

APPLICATION DIRECTIONS: Use on dormant trees and shrubs, fruit and nut trees, and on vegetation to repel Deer, Rabbit, and Meadow & Pine Mice (*Microtus* Sp.). **LIMIT APPLICATION TO FRUIT-BEARING TREES TO THE DORMANT PERIOD.**
