## CRAB GRASS KILLER

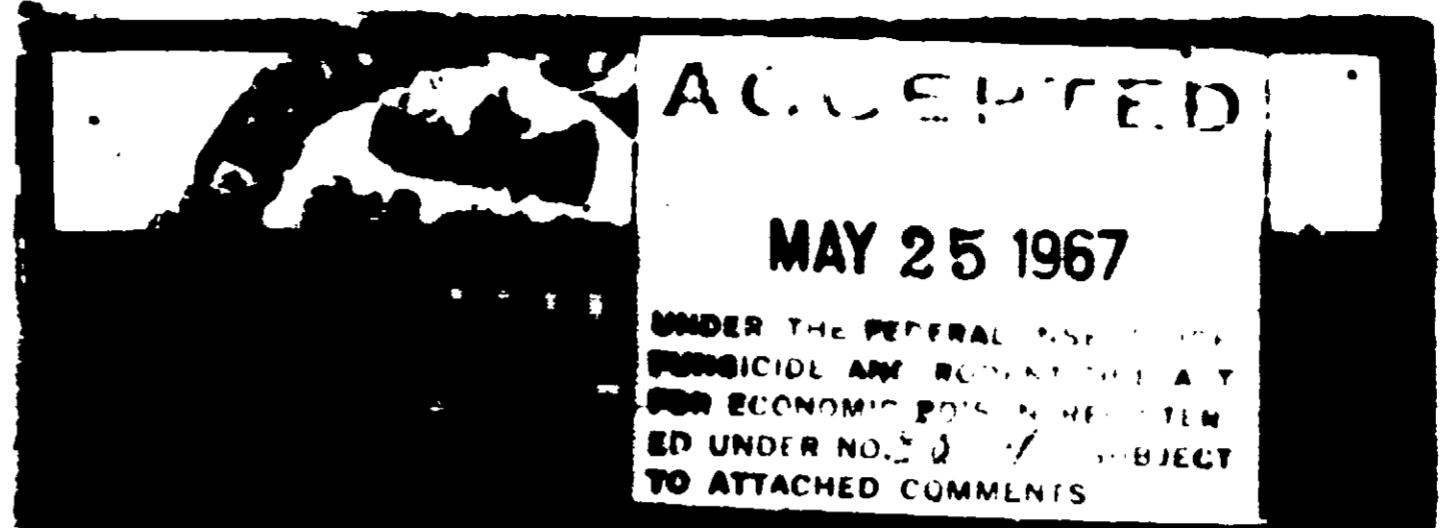

CONTROLS BOTH Hairy AND SMOOTH CRAB GRASS  
WITHOUT DESTROYING DESIRED LAWN GRASSES  
SIMPLY APPLY WITH SPRAYER OR SPRINKLING CAN

**CAUTION:** KEEP OUT OF REACH OF CHILDREN  
SEE WARNING ON BACK PANEL **\$1.00**

CONTENTS NET WT.  
FIVE FULL OUNCES  
DISSOLVED IN WATER  
TREATS UP TO 1,250  
SQ. FT. OF LAWN AREA

ACTIVE INGREDIENT

Controls the Hairy Crab Grass (*Digitaria sanguinalis*) and Smooth Crab Grass (*Digitaria ischaemum*). Controls grasses such as Mane Bluegrass, Kentucky Bluegrass, Meyer Zoysia, Colonial and creeping bent grasses, Bermudagrass, Redtop and Featues can be easily treated when used as directed. NOTE: Do not use on St. Augustine Grass

**DIRECTIONS:**  
Determine area to be treated then refer to chart below for rate of application. Be sure soil is moist and lawn is in healthy growing condition before treating. Start spraying crab grass early — as soon as seedlings appear. Lawns should not be watered for one day after treatment. However, it is very important that lawns be watered between applications. Two or three treatments may be needed for mature plants. Do not use on newly seeded lawns until mowed at least two times. Always flush sprayer or sprinkling can with clean water before and after using solution. Any leaf tip burn on established grass is removed with the first mowing. NOTE: Repeat treatments in 7 to 10 days, if needed.

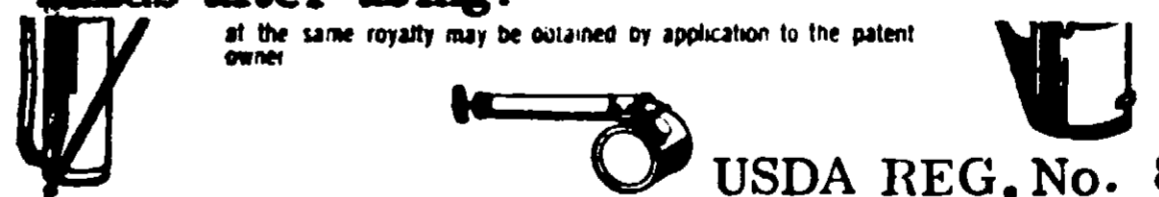

**PRESSURE SPRAYER:** If temperature is above 85°F. use amounts below. If temperature is below 85°F. double the amounts below.

KILONEX Crab Grass Killer	Add Water To Make	Area To Cover
1 oz. (1-1/2 level tablespoonfuls)	5 Quarts	250 Sq. Ft.
2 oz. (3 level tablespoonfuls)	10 Quarts	500 Sq. Ft.

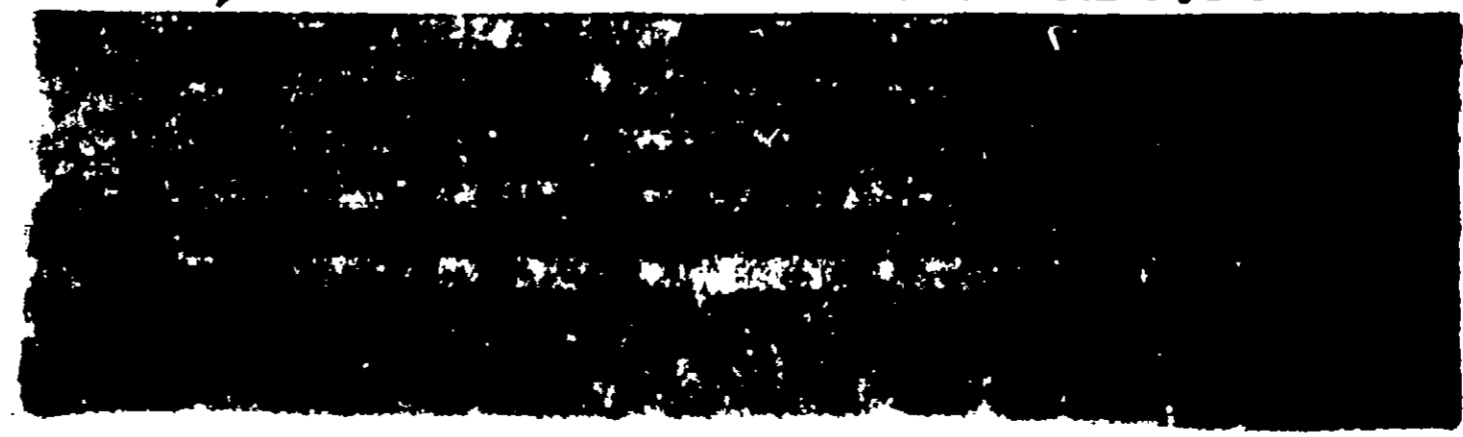

**SPRINKLING CAN (SPOT TREATMENT ONLY):** If temperature is above 85°F. use 2 oz. per gal. of water & apply evenly to 350 sq. ft. If below 85°F. use 4 oz. per gal. of water for 350 sq. ft.

**CAUTION:** Harmful if swallowed. Avoid contact with the skin or prolonged breathing of dust or spray mist. Avoid contamination of feed and foodstuffs. Keep away from children and animals. Keep children and animals off treated areas until washed into soil. Wash hands after using.
