BUGONeX HOUSE PLANT BUG KILLER SPRAY kills aphids, mealy bugs, white flies, exposed thrips, spider mites, leafhoppers, Japanese beetles, lace-bugs, ants and other chewing and sucking insects infesting plants such as Begonias, Rubber Plants, African Violets, English Ivy, Fuchsia, Kentia Palms, Camellias, Roses, Chrysanthemums, Delphiniums, Evergreens and other ornamentals. Recommended for the control of black spot and powdery mildew on Roses and powdery mildew on Zinnias. Avoid spraying seedlings, new growth and plants such as Lantana, Maidenhair Fern, Cyclamen and Oxalis.

TO OPERATE: Shake well before using. Remove protective cap. Point valve opening in desired direction. Push button to spray.

DIRECTIONS: Hold can upright 18" from plants when using. Spray in short bursts about 1' per second of plant height, keeping container moving at all times. Make sure to spray under surfaces of leaves and lower parts of plants, as well as top surfaces of leaves lightly. Avoid spraying in direct sunlight or when plants are wet. Thoroughly wet mealy bugs, white flies, and soft brown scale. Do not overspray plants. Repeat in 7 to 10 days or when necessary.

CAUTION: Harmful if swallowed. Use in ventilated room. Avoid breathing of spray mist. Keep out of reach of children. Do not spray on people, pets, birds or near fish bowls. Remove fish bowls and bird cages from room before spraying. May be a skin irritant and sensitizer. In case of accidental skin contact, wash affected parts thoroughly with soap and water. Avoid contamination of feed and foodstuffs, food utensils, dishes, and drinking water. Do not store near heat. Do not wet varnish or painted surfaces with this spray.

GUARANTEE: Effective for purpose claimed.

ACTIVE INGREDIENTS: Pyrethrins .020%; Rotenone .100%; **Other cube resins .200%; *Methoxychlor, technical .300%; Diclone (2, 3-Dichloro-1, 4-naphthoquinone) .120%; N-octyl bicycloheptene dicarboximide .300%; Dinitro (1-methyl heptyl) phenyl crotonate .113%; Other nitro phenols and derivatives .012%; **Petroleum distillate .115%.

INERT INGREDIENTS .98.720%
*Equivalent to 0.264% 2,2-bis (p-methoxyphenyl)-1,1,1-trichloroethane and 0.036% other isomers and related compounds.

CANADIAN Reg. No. 7376 P.C.P. Act. **Not considered active ingredients in Canada. U.S.D.A. Reg. No. 88-6.

WARNING: Contents under pressure. Do not puncture container or throw into fire or incinerator. Keep at room temperature—away from direct sunlight, radiators, stoves, hot water, and other heat. Heat may cause container to burst. Store upright in areas where temperature will not exceed 120°F.

NOTICE: Seller's guarantee shall be limited to the terms of the label, and subject thereto the buyer assumes any risk to persons or property arising out of use or handling and accepts the product on these conditions.
