diaper liners

KEEPS BABY DRIER . . . moisture passes through — liner stays drier to protect baby's tender skin.

HELPS PREVENT AMMONIA CAUSED DIAPER RASH . . . each tiny blue circle contains hexachlorophene which inhibits the growth of bacteria that produce ammonia from urine.

GUARDS AGAINST IRRITATION . . . soft fabric liner protects against chafing and detergent irritation.

EASY TO USE . . . place liner on diaper—with liner next to baby, apply diaper in usual manner.

SOFT FABRIC — NOT PAPER . . . gently conforms to baby's body—handy for wipes, bibs, and handkerchiefs too.

PROTECTS DIAPERS FROM SOIL . . . holds soil and stain —no messy rinsing necessary—simply flush liner away (for septic tanks or slow plumbing facilities, liner should be thrown away).
