DEODORIZES, DISINFECTS, CLEANS FAST AND EASY

LOCK CAP INSTRUCTIONS

To Open: Press cap down while unscrewing.

To Lock: Screw on tightly - when locked a clicking sound will result when cap is turned counterclockwise without pressing down.

DIRECTIONS

1. Remove water in bowl by forcing through trap.
2. Over bowl, pour one ounce on Watkins applicator.
3. Paint entire inside of bowl - get under rim.
4. Flush bowl and rinse applicator. Will not harm septic tank bacteria.
5. Rinse applicator after use. Do not store near fabric or clothing.

IMPORTANT

Contains Hydrochloric Acid. Avoid misuse or accidental use. Will damage many surfaces. This product is designed for use on vitreous china only - should not be used on porcelain fixtures. Do not use on sinks, bath tubs and appliances. Do not re-use container. Destroy when empty.

POISON — contains Hydrochloric Acid.

DANGER: Corrosive. May be fatal or harmful if swallowed. Do not breath vapor or fumes. Produces chemical burns. Do not get in eyes, on skin or on clothing.

FIRST AID

If swallowed call a physician immediately. Drink a teaspoonful or more of milk of magnesia or a cup of soapy water followed with milk or raw egg whites.

Eye contact - Wash with water for 15 minutes. Get prompt medical attention.

Skin contact - Wipe off the acid gently, immediately flood the surface with water, using soap freely, then cover with moist magnesia or baking soda.
