UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

APR 28 1994

Lloyd Ferdinandsen
Watkins Incorporated
P.O. Box 5570
Winona, MN 55987-0570

Subject: Watkins Toilet Bowl Cleanser
EPA Registration No. 99-83
Your Submission Dated November 1, 1993

Dear Mr. Ferdinandsen:

This is in response to your request for reconsideration of a container disposal comment that was included in the EPA letter dated September 29, 1993. In that letter, EPA accepted your revised labeling in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, subject to two comments. After reviewing your request, the Agency is now re-accepting the same labeling subject to only the one comment below. A stamped copy of the labeling is enclosed for your records. Five copies of the finished labeling must be submitted before the product is released for shipment bearing the amended labeling.

1. State the net contents on the label in terms of the largest U.S. unit present: "1 QT (32 fl. oz.) (946 mL)."

If you have any questions about this letter, please call Wallace Powell at 703-305-6938.

Sincerely,

Ruth G. Douglas
Product Manager 32
Antimicrobial Program Branch

ACCEPTED
with COMMENTS
in EPA Letter Dated:

APR 28 1984

Under the Federal Insecticide,
Fungicide, and Rodenticide Act as
amended, for the pesticide
registered under EPA Reg. No.

99-83

toilet bowl cleanser

946 mL
(32 fl. oz. - 1 QT)

DEODORIZES, DISINFECTS

ACTIVE INGREDIENTS	PER CENT
Hydrogen Chloride	23.00%
n-alkyl (50% C14, 40% C12, 10% C16)	
D methyl Benzyl Ammonium Chlorides	0.05%
INERT INGREDIENTS	76.95%
Total	100.00%

Keep out of reach of children.

DANGER POISON

See first aid and additional precautionary
statements on side panel.

DEODORIZES, DISINFECTS, CLEANS FAST AND EASY.

DIRECTIONS

- 1 To open cap, use fingernail or coin to pull back and push down rear-most ridge on cap. Push spout down following use.
- 2 A preliminary cleaning is necessary for the removal of gross filth prior to disinfecting.
- 3 Remove water in bowl by forcing through trap.
- 4 Over bowl, pour one ounce on Watkins applicator.
- 5 Paint entire inside of bowl - get under rim. Allow to remain 10 minutes.
- 6 Flush bowl and rinse applicator. Will not harm septic tank bacteria.
- 7 Rinse applicator after use. Do not store near fabric or clothing. Store in well vented area.

IMPORTANT:

Contains Hydrochloric Acid. Avoid misuse or accidental use. Will damage many surfaces of vitreous china only - should not be used on porcelain fixtures. Do not use on sinks, tubs, or other materials when not in use. Fumes in a confined space may tenderize fabrics or corrode metal and other materials. Always keep container upright when not in use.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER Corrosive Produces chemical burns. Contains Hydrochloric acid. Do not inhale or harmful if swallowed. Do not breathe vapor or fumes. Use with adequate ventilation. Wear gloves when handling.
PHYSICAL OR CHEMICAL HAZARD
Do not use on any surface that can be damaged by acidic materials. Many surfaces are sensitive to chlorine-type bleaches or other chemicals.

DISPOSAL

DO NOT REUSE EMPTY CONTAINER. WRAP CONTAINER AND PUT IN TRASH COLLAR.

POISON - Contains Hydrochloric Acid.

STATEMENT OF PRACTICAL TREATMENT (FIRST AID)

IF SWALLOWED Do not induce vomiting; call a physician immediately. Drink large quantities of water. Never give anything by mouth to an unconscious person.
IF IN EYES Flush with large amounts of water and get prompt medical attention.
IF ON SKIN Wash thoroughly with soap and large quantities of water, then cover with clean, dry bandages.
