JAN 24 1972

**Protects against moth damage for 12 months. Stops bacterial growth.**

**DIRECTIONS:**  
Articles to be treated should first be cleaned. Spray as directed below. Provides a residual to the fabric that stops the growth of most odor-causing bacteria. Press valve, directing spray away from you. Hold nozzle 18 inches from surface to be sprayed and apply until fabric is moistened. Treat both sides when possible. Do not saturate. When properly treated, articles are damp to the touch. Repeat treatment after laundering or dry cleaning.

**SUITS, DRESSES, COATS** — Follow above directions carefully. Be sure folds, seams and cuffs are included.

**BLANKETS, UPHOLSTERY** — Spray 1/2 minute per square yard. Include folds, seams, tufts.

**FLOOR COVERINGS** — Treat areas of floor covering which may become infested, as under pianos and furniture, at base boards and corners. Clothes moths and carpet beetles, their larvae and eggs are killed by spraying directly into all cracks where the insects tend to hide.

**WARNING!**

Contents under pressure. Do not puncture or place in fire. Do not store near heat or open flame. Exposure to temperature above 120°F may cause bursting.

Do not use on humans, animals or food utensils. Avoid inhalation of spray mist. Harmful if swallowed. Avoid contact with skin or eyes. Wash with soap and water after using. Allow treated fabric to dry completely before using. Remove bird cages and fish bowls from room before spraying. Do not treat furs.

**ACTIVE INGREDIENTS:**  
Diethyl diphenyl dichloromethane 4.400%  
Related reaction products 0.600%  
n-Alkyl —  
C14 50.0% C15 40.0% C16 10.0%  
dimethyl benzyl ammonium chloride 0.168%  
Ethyl alcohol 3.000%  
Petroleum distillate 59.944%  
**INERT INGREDIENTS:** 31.888%
