

Permanent Label  
(Booklet)

Princep® 80W

Herbicide

For weed control in certain  
crops, ornamental plantings,  
on industrial sites, and  
around-the-farm

Active Ingredient:

Simazine: 2-chloro-4,6-bis(ethylamino)-s-  
triazine .....

80%

Inert Ingredients:

20%

Total:

100%

EPA Reg. No. 100-437

EPA Est. No. 100-LA-1

Princep 80W is a  
wetable powder

APR 13 1987

100-437

Keep Out of Reach of Children.

Caution

See additional precautionary statements  
at end of booklet.

See directions for use inside booklet.

Storage and Disposal ✓

Store in a dry place. Do not contaminate water, food, or feed by storage, disposal. Improper disposal of unused spray mixture, or rinse water is a violation of federal law. If these wastes cannot be used according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance in proper disposal methods. ✓

Completely empty bag into application equipment. Dispose of empty bag in a sanitary landfill or by incineration, or if allowed by state and local authorities, by burning. Stay out of smoke from burning bags. ✓

For minor spills, leaks, etc., follow all precautions indicated on this label and clean up immediately. Take special care to avoid contamination of equipment and facilities during cleanup procedures and disposal of wastes. In the event of a major spill, fire or other emergency, call (919) 292-7100 day or night. ✓

Precautionary Statements ✓

Hazards to Humans and Domestic Animals ✓

CAUTION ✓

Causes eye irritation. Harmful if inhaled or absorbed through the skin. Avoid breathing dust or spray mist. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling. Remove and wash contaminated clothing before reuse. ✓

First Aid: If in eyes, flush with plenty of water. Get medical attention if irritation persists. If on skin, wash with soap and water. If inhaled, remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth; get medical attention. ✓

Environmental Hazards ✓

Do not apply directly to water or wetlands. Do not contaminate water by cleaning of equipment or disposal of wastes. Simazine is a chemical which can travel (seep or leach) through soil and enter ground water which may be used as drinking water. Simazine has been found in ground water as a result of its use as a herbicide. Users of this ✓

product are advised not to apply simazine where the water table (ground water) is close to the surface and where the soils are very permeable, i.e., well drained soils such as loamy sands. Users are advised to consult with their local agricultural agencies to obtain information on the location of ground water and the type of soil in their area.
