DIRECTIONS FOR USE AND CONDITIONS OF
SALE AND WARRANTY

IMPORTANT: Read the entire Directions For Use and the Conditions Of Sale And Warranty before using this product.

Conditions Of Sale And Warranty

The Directions For Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application all of which are beyond the control of Geigy or the Seller. All such risks shall be assumed by the Buyer.

Geigy warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions For Use, subject to the inherent risks referred to above. Geigy makes no other express or implied warranty of fitness or merchantability or any other express or implied warranty. In no case shall Geigy or the Seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. Geigy and the Seller offer this product, and the Buyer and user accept it, subject to the foregoing Conditions Of Sale And Warranty which may be varied only by agreement in writing signed by a duly authorized representative of Geigy.

General Information

Do not apply where children are likely to come in contact with treated surfaces. Do not use in or near food containers, or cooking utensils. Apply dusts as necessary.

Directions for Use

Food Processing Plants

Resistant and Non-resistant Cockroaches, Ants, Spiders, Scorpions, Silverfish, Pantry Pests - crickets, silver (pale), toothed Grain Beetle, Floor Beetle, Rice Weevil, Cigarette Beetle, Drugstore Beetle, Indianmeal Moth).

Apply in wall voids only when plant operations are shut down. Avoid contamination of food contacting surfaces.

Do not use in commercial food preparation areas or in edible products areas of food processing plants.

Note: Insecticidal dusts are useful where sprays might be hazardous as in switch boxes and electrical motors or to reach recesses such as wall voids which are not otherwise susceptible to treatment. Avoid the use of dusts where there is wind, sweeping, traffic or other activity that would cause them to be transferred or become airborne. Any dust left in the open after application must be brushed into cracks or other recesses.
