Princep® 4L ✓

Herbicide ✓

For weed control in certain crops,
ornamental plantings, on industrial ✓
sites, and around-the-farm

Princep 4L contains 4 lbs. active ✓
ingredient per gal.

Use entire contents at one time. ✓

Active Ingredient:

Simazine: 2-chloro-4,6-bis(ethylamino)-s- triazine	41.9%
Inert Ingredients:	58.1% ✓
Total:	100.0%

2 1/2 Gallons ✓
U.S. Standard Measure ✓

Keep Out of Reach of Children. ✓

Caution ✓

See additional precautionary statements ✓
at end of label booklet.

Storage and Disposal ✓

Do not contaminate water, food, or feed by storage or disposal. Pesticide wastes may be toxic. Improper disposal of unused pesticide, spray mixture, or rinse water is a violation of federal law. If these wastes cannot be used according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance in proper disposal methods.

Triple rinse container (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities. ✓

For minor spills, leaks, etc., follow all precautions indicated on this label and clean up immediately. Take special care to avoid contamination of equipment and facilities during cleanup procedures and disposal of wastes. In the event of a major spill, fire or other emergency, call (919) 292-7100 day or night. ✓

Precautionary Statements ✓

Hazards to Humans and Domestic Animals ✓

CAUTION ✓

Causes eye irritation. Harmful if inhaled or absorbed through the skin. Avoid breathing vapors or spray mist. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling. Remove and wash contaminated clothing before reuse. ✓

First Aid: If in eyes, flush with plenty of water. Get medical attention if irritation persists. If on skin, wash with plenty of soap and water. If inhaled, remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth; get medical attention. ✓

Environmental Hazards ✓

Do not apply directly to water or wetlands. Do not contaminate water by cleaning of equipment or disposal of ✓

wastes. Simazine is a chemical which can travel (seep or leach) through soil and enter ground water which may be used as drinking water. Simazine has been found in ground water as a result of its use as a herbicide. Users of this product are advised not to apply simazine where the water table (ground water) is close to the surface and where the soils are very permeable, i.e., well drained soils such as loamy sands. Users are advised to consult with their local agricultural agencies to obtain information on the location of ground water and the type of soil in their area.
