

Insecticide, Diazinon

Emulsifiable Concentrate
(Contains 4 pounds Diazinon per gallon)

Stock Number 6840-782-3925

For Use Against Insects
Resistant to Chlorinated
Hydrocarbons.

Specification 0-1-520A

Active Ingredients:
O,O-diethyl O-(2-
isopropyl-6-methyl-
4-pyrimidinyl)

phosphorothiate 47.5%
Aromatic petroleum
derivative solvent 26.2%

Inert Ingredients: 26.3%

Total: 100.0%

Net Contents: 1 Gallon

Manufactured By
Agricultural Division
CIBA-GEIGY Corporation
Ardsley, New York 10502

DIRECTIONS FOR USE AND CONDITIONS OF SALE AND WARRANTY

IMPORTANT: Read the entire **Directions For Use** and the **Conditions Of Sale And Warranty** before using this product

Conditions Of Sale And Warranty

The **Directions For Use** of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials or the manner of use or application, all of which are beyond the control of CIBA-GEIGY or the Seller. All such risks shall be assumed by the Buyer.

CIBA-GEIGY warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the **Directions For Use**, subject to the inherent risks referred to above. **CIBA-GEIGY makes no other express or implied warranty of Fitness or Merchantability or any other express or implied warranty.** In no case shall CIBA-GEIGY or the Seller be liable for consequential, special, or indirect damages resulting from the use or handling of this product. CIBA-GEIGY and the Seller offer this product and the Buyer and user accept it, subject to the foregoing **Conditions Of Sale And Warranty** which may be varied only by agreement in writing signed by a duly authorized representative of CIBA-GEIGY.

Directions for Use

Roaches and Ants

Prepare a 1/2 percent emulsion by slowly adding 1 1/4 fluid ounces (2 1/2 tablespoons) of concentrate to 1 gallon of water with constant stirring. Apply as a strip treatment to cracks, crevices, and other roach harborages, and to ant runways. Use coarse, wet spray and apply until surface is wet to point of run-off (approximately 1 gallon per 1000 square feet). Reapply only when reinfestation is noted. Do not use for space spray or for residual treatments covering extensive indoor surfaces such as entire bulkheads and overheads. Preferably do not use in rooms occupied by children under 1 year of age.

Fly Control (Not Intended for Living Quarters)

"Spot" bait sprays. Apply a spray containing 1/2 pint of the concentrate and 1 pound of sugar in 2 1/2 gallons of water with a knapsack or similar type sprayer to areas frequented by flies, such as doorways, around windows, and other areas where flies congregate. Repeat applications every 2 to 3 weeks as fly population warrants.

Liquid bait for sprinkling can application. Use 2 fluid ounces of the concentrate and 1 pound of sugar (or 2 cups of syrup or molasses) in 5 gallons of water and sprinkle lightly over the floor in areas frequented by flies. Burlap bags may be laid out in those areas frequented by flies and sprinkled with this mixture. Application every day or two will generally be required.

Brown Dog Ticks and Fleas in Buildings

Prepare a 1/2 percent emulsion as for roaches and ants above. Thoroughly spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of house-

hold pets, and localized areas of floors and floor coverings.

Applications should be repeated as infestations warrant and as reinfestations occur. Fresh bedding should be placed in animal quarters following treatment. Do not treat animals with this formulation.

When used in dwellings, care should be taken to avoid deposits which could be frequently contacted by children. Care should also be taken to avoid spotting of wallpaper and fabrics. **DO NOT CONTAMINATE FOOD, FOOD CONTAINERS, OR COOKING UTENSILS.**

Do not use on edible products areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

Warning

Keep out of reach of children. May be fatal if swallowed. May be absorbed through skin. Do not breathe spray mist. Do not get in eyes, on skin or on clothing. Wash thoroughly after handling. Avoid contamination of food and feed. Keep out of reach of domestic animals. Do not use on humans, household pets, or livestock. Do not permit children or pets to go onto the sprayed grass until spray has completely dried.

Fish and Wildlife Caution

This product is toxic to fish and wildlife. Birds feeding on treated areas may be killed. Keep out of any body of water. Apply this product only as specified on this label.

Do not reuse empty container. Destroy by perforating or crushing and burying in a safe place.

Do not use or store near heat or open flame. Minimum Flash Point: 105 F.
