

RESTRICTED USE PESTICIDE

FOR RETAIL SALE TO AND USE ONLY BY CERTIFIED APPLICATORS OR PERSONS UNDER THEIR DIRECT SUPERVISION, AND ONLY FOR THOSE USES COVERED BY THE CERTIFIED APPLICATOR'S CERTIFICATION

Galecron® SP

Insecticide-Ovicide

For control of certain insects on cotton

Active Ingredient:	
Chlordimeform hydrochloride:	
N-(4-chloro-o-tolyl)-N, N-dimethylformamide monohydrochloride	95%
Inert Ingredients:	
	5%
Total:	100%

Galecron SP is a soluble powder

NOTE: This product has been shown to cause cancer in laboratory animals. The user must read and follow all precautionary statements and instructions for use.

Keep Out of Reach of Children.

WARNING

PRECAUTIONARY STATEMENTS

Hazards to Humans — May be harmful or fatal if swallowed or absorbed through the skin. Do not contaminate food or feed. Do not get in eyes, on skin, or on clothing. Wear goggles when handling. In case of contact, flush with water and get medical attention. Avoid breathing dust or spray mist. Wash hands with soap and water before eating, drinking, or smoking. Wear clean clothes and wash before reusing.

Environmental Hazards — This product is toxic to fish and wildlife. Do not contaminate any body of water by direct application, cleaning of equipment, or disposal of wastes and containers. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated.

This outer protective bag houses Galecron SP in an inner water-soluble bag. Entire inner bag and contents dissolve in water. After opening outer bag, immediately dump entire unopened inner bag into the closed-system mix tank. Do not handle soluble bag or expose it to moisture, since this may cause rupturing.

2½ Pounds Net Weight

DIRECTIONS FOR USE AND CONDITIONS OF SALE AND WARRANTY

IMPORTANT: Read the entire Directions for Use and the Conditions of Sale and Warranty before using this product.

Conditions of Sale and Warranty

The Directions for Use of this product reflect the opinion of experts based on field use and tests. The directions are

believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application all of which are beyond the control of CIBA-GEIGY or the Seller. All such risks shall be assumed by the Buyer.

CIBA-GEIGY warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use, subject to the inherent risks referred to above. CIBA-GEIGY makes no other express or implied warranty of Fitness or Merchantability or any other express or implied warranty. In no case shall CIBA-GEIGY or the Seller be liable for consequential, special, or indirect damages resulting from the use or handling of this product. CIBA-GEIGY and the Seller offer this product to the Buyer and user accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied by agreement in writing signed by a duly authorized representative of CIBA-GEIGY.

ACCEPTED
MAY 18 1982
Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended for the pesticide, Galecron SP, Reg. No. 100-100000

Directions for Use

Galecron SP is an insecticide and ovicide. Galecron SP acts primarily as an ovicide for the control of bollworm and tobacco budworm on cotton. Best results can be expected from fields under Pest Management Scouting programs.

Galecron SP where used alone will have little or no effect on boll weevil (cotton) or on predators, beneficial insects, and bees.

Mixing Instructions

Prepare no more spray mixture than is needed for the immediate operation. Thoroughly clean spray equipment before using this product. Agitate thoroughly before and during application. Good bypass agitation is sufficient to thoroughly mix Galecron SP. Flush spray tank thoroughly with water daily after use and dispose of pesticide rinseate by application to an already treated area.

Galecron SP Alone: Use a closed system for introduction of Galecron SP into the spray tank. Drop the required number of unopened 2½ lb. soluble bags into the mix tank ¾ full of water with the agitator running. Then add the remainder of the water.

Galecron SP + Tank Mixtures: Add ¾ of the required amount of water to the spray tank. With the agitator running if possible, add the desired amount of the other products recommended on this label. Then add the desired amount of Galecron SP through a closed system. Continue agitation while adding the remainder of water. Do not use with lime-sulfur, Bordeaux mixtures, or other highly alkaline materials as a tank mix.

Note: Do not let spray mixture stand overnight in the spray tank. Rinse spray tank at the end of the day. Do not apply just before rain or poor control may result.

It is not necessary to use a spreader-sticker with Galecron SP. However, if one is used, it is suggested that the tolerance of the crop to such a mixture be determined by first testing it on a small scale.

Storage and Disposal Instructions

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

Storage — Do not store this bag under wet conditions. Handle carefully when stored at temperatures of less than 50 F to avoid breakage of soluble bag.

Pesticide Disposal — Dispose of pesticide rinsate by application to an already treated area. Pesticide spray mixture, or rinsate that cannot be used according to label instructions must be disposed of according to federal, state, or local procedures under the Resource Conservation and Recovery Act.

Container Disposal — Do not reuse outer bags. Dispose of empty outer bags in an incinerator or in a sanitary landfill approved for pesticide containers or bury in a safe place. Consult federal, state, or local disposal authorities for approved alternative procedures.
