Subject: Fenoxycarb 2E
EPA Registration No. 100-726
Letter dated March 17, 1992

Dear Ms. Bussey:

The proposed amendment to the registration for the product cited above under The Federal Insecticide Fungicide and Rodenticide Act modifying the Physical and Chemical Hazards section of the label is acceptable subject to the comment listed below.

1. Portions of the Environmental Hazards section of the label are not appropriate for a manufacturing use product. Labeling for this product submitted on June 6, 1991 and accepted by the Agency on March 11, 1992 contained an Environmental Hazards section that is appropriate for a manufacturing use product. You might wish to use that same or similar wording to correct the Environmental Hazards section of this label.

A stamped copy of the amended label is enclosed for your records. Submit one copy of the finished label for the file.

Sincerely,

Richard F. Mountfort
