Basus™ Flea and Tick Household Spray kills:

- Adult fleas
- Flea eggs
- Flea Larvae
- Ticks

(1) OviKill (FENOXYCARB) (IGR) prevents immature stages of flea eggs and larvae from developing into adults for 365 days.

Leaves no unpleasant odor and is not affected by sunlight so it keeps working in areas exposed to the sun.

If your pet brings new fleas into the treated areas, they can be killed by re-treating.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Note: DO NOT TREAT PETS WITH THIS PRODUCT. To control the source of fleas and ticks, treat pets separately with a flea and tick control product registered for use on pets such as Basus Flea & Tick Spray for dogs.

Fleas and Ticks:

Apply as a spot treatment to areas pets may contact, such as floors, rugs, draperies, upholstery, pet bedding, cracks and crevices of walls and floors, baseboards, and window and door frames. This product will not stain most materials, but test the product on a small inconspicuous area first before applying. Pet bedding should be removed and replaced with clean, fresh bedding before treatment.

Also controls ants, carpet beetles, clover mites, cockroaches, crickets, earwigs, firebrats, flies, mosquitoes, silverfish, and spiders.

This bottle will treat approximately 500 ft.².

Precautionary Statements

Hazards to Humans and Domestic Animals

CAUTION

Harmful if inhaled or absorbed through the skin. Avoid breathing spray mist. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

Do not use this product in poultry houses or other livestock shelters. Remove pets and cover fish bowls or tanks before spraying. Do not allow spray to contact food, feed, or water supplies.

Leave area after treating, and do not return for 1 hour. Do not allow children or pets to walk on treated surfaces until surfaces are completely dry. Thoroughly wash dishes and food handling utensils with soap and water if they become contaminated by application of this product.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching the back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention.

IF IN EYES: Flush eyes with plenty of water. Get medical attention if irritation persists.

IF INHALED: Remove victim to fresh air. If not breathing give artificial respiration, preferably mouth-to-mouth. Get medical attention.

PHYSICAL OR CHEMICAL HAZARDS: Do not use or store near heat or open flame. Do not store below 32°F. Do not apply sprays of this product in conduits, motor housing, junction and switch boxes or other electrical equipment because of possible shock hazard.

444

Storage and Disposal

Store in a cool area away from heat or open flame. Do not store below 32°F,

Do not reuse empty container. Wrap original container in several layers of newspaper and discard in trash.

This product is restricted for sale exclusively through veterinary clinics, practices, and hospitals.

Questions or comments - call 1-800-MYCODEX Monday - Friday 8 a.m. to 5 p.m. Eastern. (This statement does not appear on Ciba printed label.)
