Subject: Updated Label Reflecting Transfer of Product Ownership  
Tefluthrin Technical  
EPA Reg. No. 100-1015  
Your Submission Dated August 2, 2002

Dear Mr. Pearson:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments below. Two (2) copies of the finished labeling must be submitted prior to releasing the product for shipment. A stamped copy of the label is enclosed for your records.

1. The First Aid statements must be located on the front panel of the label as required for any product which has been classified in Toxicity Category I on the basis of oral, inhalation or dermal toxicity [40 CFR 156.10(h)(1)(iii)].
2. You must correct the typographical error in the second to last sentence of the Environmental Hazards. The word "with" should be changed to "without", so that the revised sentence reads: "Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority."

If you have any questions regarding this action, please contact Susan Stanton of my team at (703) 305-5218.

Sincerely,

A handwritten signature in black ink, appearing to read "G. LaRocca".
