Greensboro, North Carolina 27419-8300

MAR 21 2008

Subject: Dynasty™ CST Fungicide
EPA Registration Number 100-1177
Your label amendment application dated November 10,
2004

Dear Ms. Schulz,

This letter replaces the letter concerning the same product and subject that was sent to you on March 3, 2006. The original letter contains an error in paragraph 1.f. and several typographical errors which are corrected in this replacement letter.

The amended labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable provided that you:

1. Make the following changes to the label:

a. In the Ingredient Statement, change the CAS designation for Mefenoxam from "(CAS No. 70630-17-0)" to "CAS No. 70630-17-0 and 69516-34-3)".

b. In the in the first bulleted item in the "User Safety Recommendations" section, change "...eating, drinking chewing gum, using..." to "...eating, drinking, chewing gum, using...".

c. In the "CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY" section, qualify the extent of liability of "Syngenta or Seller" by adding a clause similar to "To the extent allowed by law,". However, this may not be further qualified by limiting "law" to "State law".

d. In the third to the last sentence in the first paragraph of the "GENERAL INFORMATION" section, change "...appear on the tank, mix partner label..." to "...appear on the tank mix partner label...".

e. In the last sentence in the first paragraph of the "GENERAL INFORMATION" section, change "...mixed with any product, which prohibits..." to "...mixed with any product which prohibits..."

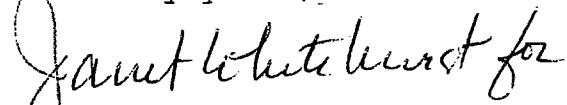

f. Change the "GENERAL USE PRECAUTIONS" section to read "Cotton may be replanted immediately after an azoxystrobin treatment. Do not plant any other crop within 45 days after the last treatment of the cotton crop with a product that contains azoxystrobin or after the planting of cotton seeds that have been treated with a product that contains azoxystrobin."

g. IN the third sentence in the third paragraph of the "MIXING INSTRUCTIONS" section, near the bottom of page 7, change "...completely disperse prior by adding Dynasty CST..." to "...completely disperse prior to adding Dynasty CST..."

2. Submit one copy of your final printed label before you release product bearing this amended labeling for shipment.

If you have any questions about this letter, please contact John Bazuin at (703)305-7381 or bazuin.john@epa.gov.

Sincerely yours,

Tony Kish
