 U.S. ENVIRONMENTAL PROTECTION AGENCY Office of Chemical Safety and Pollution Prevention Office of Pesticide Programs Registration Division (7504P) 1200 Pennsylvania Ave., N.W. Washington, DC 20460	EPA Reg. Number: 100-1367	Date of Issuance: AUG 5 2010
	Term of Issuance: Conditional	
	Name of Pesticide Product: Difentconazole 0.66/Thiamethoxam 0.40/Lambda- cyhalothrin 0.16 ME Concentrate	
NOTICE OF PESTICIDE: <input checked="" type="checkbox"/> Registration <input type="checkbox"/> Reregistration (under FIFRA, as amended)		
Name and Address of Registrant (include ZIP Code): Syngenta Crop Protection P. O. Box 18300 Greensboro, NC 27419		
Attention: Tom Parshley		
Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.		
<p>On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:</p> <ol style="list-style-type: none">1. Submit and/or cite all data required for registration of your product under FIFRA sec 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

Notice of Pesticide Registration

Difencnazole 0.66/Thiamethoxam 0.40/Lambda-cyhalothrin 0.16 ME Concentrate

EPA Reg. No. 100-1367

Page 2 of 3

2. You must submit the following conditional data before the due date of 08/06/2011:

- a. Storage Stability (830.6317) and Corrosion Characteristics (830.6320) studies.
- b. Enforcement Analytical Method capable of recovering the three active ingredients in the product and report actual values from sample analysis, not calculated. EPA will forward the method for validation by the EPA's laboratory (Analytical Chemistry Laboratory, 701 Mapes Road, Fort Meade, MD 20755-5350).

3. Make the following change to the label:

- a. Change the product registration number to "EPA Reg. No. 100-1367".
- b. Page 2 change "eye irrigation" to "eye irritation".
- c. Page 5, add the missing telephone numbers.
- d. Page 6 in "How It Works" insert the name of the active ingredient in parentheses immediately after where it states "One ingredient...", and "The other ingredient...", and "...broad spectrum fungicide...".
- e. Page 7 for the hose end sprayer section, submit calculations which confirm that the dedicated sprayer at the "ON" position mixes 3 fluid ounces of product with one gallon of water. Otherwise delete this entire section.
- f. Revise all references to "Ants" and "Ants (except fire ants, pharaoh ants and carpenter ants)" to read "Ants (except fire ants, harvester ants, pharaoh ants and carpenter ants)."
- g. Delete all references/claims to public health pests (including cockroaches, mosquitoes and wasps) from the label.
- h. Page 10 change last three bullets to "Controls Listed pests...". Do same for first three bullets on top of page 11.
- i. Page 13, delete claims "No Mixing Needed" and "No mixing, No Measuring" because the product must be mixed with water using measured amounts.
- j. Within the "FIRST AID" box insert the following sentence under "If in eyes" row: "Note to Physician: If ingested induce emesis or lavage stomach. Treat symptomatically."
- k. Within the section "CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY", delete the words "or under abnormal conditions".
- l. Change the last sentence of the second paragraph of the section "CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY" from "NEITHER SYNGENTA NOR SELLER MAKES NO...EXCEPT AS STATED ABOVE." to "NEITHER SYNGENTA NOR SELLER MAKES NO EXCEPT AS WARRANTED BY THIS LABEL."
- m. Delete all references to "A Variety of", and delete all references to "major" and "certain", and replace with "listed".
- n. Delete all references to "xx" and "xx% more" or clarify why it's "more".

EPA Reg. No. 100-1367

Page 3 of 3

4. Submit the dedicated sprayer calculations and one copy of the revised final printed label for the record before the product is released for shipment.
5. Combined with #4 above, submit a revised data matrix (blacked out copy not needed) by deleting all product performance/efficacy citations to account for item g above, and clearly indicating the product chemistry and acute toxicology used to support this product.
6. For future Confidential Statement of Formula (CSF) submissions, the name and address of the producer must be reported in box 2 of the CSF for compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A copy of the label stamped "Accepted with Comments" is enclosed for your records.

FIRST AID	
If swallowed	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a Poison Control Center or doctor for treatment advice.
If inhaled	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth, if possible. • Call a Poison Control Center or doctor for further treatment advice.
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, and after the first 5 minutes, then continue rinsing eye. • Call a poison control center, doctor, or 1-800-888-8372 immediately for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	
<p align="center">HOT LINE NUMBER</p> <p align="center">For 24 Hour Medical Emergency Assistance (Human or Animal) or Chemical Emergency Assistance (Spill, Leak, Fire, or Accident), Call [1-800-888-8372] [Alternate phone number]</p>	

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed. Harmful if absorbed through skin. Harmful if inhaled. Avoid breathing vapor or spray mist. Remove and wash contaminated clothing before reuse. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

Environmental Hazards

This pesticide is toxic to fish, mammals, and aquatic invertebrates. Drift and runoff may be hazardous to aquatic **estuarine/marine** organisms in water adjacent to treated area. Do not apply directly to water, areas where surface water is present, or intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate.

This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area.

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or regional office of the EPA.

CONDITIONS OF SALE AND DISCLAIMERS OF WARRANTY AND LIMITATIONS OF LIABILITY

NOTICE: Read the entire Directions for Use and Conditions of Sale and Disclaimers of Warranty and Limitations of Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

Syngenta warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, when used in accordance with the directions under normal use conditions. You assume any and all risk of using, storing, or handling this product contrary to label instructions, or under abnormal conditions or conditions not reasonably foreseeable to Seller or Syngenta.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, NEITHER SYNGENTA NOR SELLER MAKE ANY WARRANTY OF MERCHANTABILITY NOR ANY OTHER EXPRESS OR IMPLIED WARRANTIES EXCEPT AS STATED ABOVE.

To the extent consistent with applicable law, in no event shall Syngenta or Seller be liable for any incidental, consequential, or special damages resulting from the use, storage, or handling of this product.

[optional]

[Guarantee

If for any reason you are not satisfied with this product, mail us proof of purchase to obtain a full refund of your purchase price.]

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

- Read entire label before using this product.
- People and pets may re-enter after the treated area has been allowed to dry.
- [This product is non-staining to most home siding depending on age and cleanliness. However, before using in areas where the spray may contact home siding (vinyl siding in particular), test in an inconspicuous area and recheck in a few hours. Do not use if any staining is observed.]
- Do not use measuring utensils such as cups and spoons for food purposes after use with pesticides.
- Do not allow applications to contact water bodies, particularly those inhabited by aquatic organisms, such as ornamental fish ponds.
- Do not use on plants grown for food or feed

[optional]

Product Facts	
Insects Controlled	Ants, Aphids, Caterpillars, Japanese Beetles, Leafminers, Spider Mites, Whiteflies, [any listed insect list in label] and other listed pests
Diseases Controlled	Black spot, Powdery Mildew, Rust, Scab, Leaf Spot
Where to Apply	<ul style="list-style-type: none"> • Roses • [Landscape plants] • [Landscape plantings] • [Landscape ornamentals] • [Landscape plants such as] [trees and shrubs] [foliage plants] [and] [groundcovers] • [Landscape plantings such as] [trees and shrubs] [foliage plants] [and] [groundcovers] • [Landscape ornamentals such as] [trees and shrubs] [foliage plants] [and] [groundcovers] • [Flower beds]
How to Apply	<ul style="list-style-type: none"> • [Mix 3 fl. oz. [in] [to] 1 gallon of water.] • [Connect a garden hose to the [Hose End Sprayer] nozzle.] • [Spray uniformly to wet the top and bottom of leaves]
When to Apply	Apply when listed insects and disease are present or as a preventative application.
[Graphic - telephone]	Questions or Comments: Call [phone number] Medical information (Human or Animal): Call [phone number]

Benefits

- [Controls black spot, powdery mildew and rust on roses]
- [Controls listed insects and diseases on roses]
- [Controls listed insects and diseases on roses and other landscape plants]
- [Controls listed insects and diseases on roses and other landscape plantings]
- [Controls listed insects and diseases on roses and other landscape ornamentals]
- [[Dual-action] insect control: contact plus long-lasting residual]
- [[Dual-action] insect control plus disease control]
- [[Rainfast] [Rainproof] [Waterproof] within 1 hour]
- [Broad spectrum control]
- [For use on [all] landscape plants]
- [For use on [all] landscape plantings]
- [For use on [all] landscape ornamentals]
- [For insect and disease control on [all] landscape plants]
- [For insect and disease control on [all] landscape plantings]
- [For insect and disease control on [all] landscape ornamentals]
- [Can be used on [all] landscape plants]
- [Can be used on [all] landscape plantings]
- [Can be used on [all] landscape ornamentals]

How it Works

The [dual-action] [dual activity] of the insecticide portion of Difenoconazole 0.66/Thiamethoxam 0.40/Lambda-cyhalothrin 0.16 ME Concentrate [kills] [controls] many listed insects two ways: through direct contact and by ingestion. One ingredient starts working right away [killing] [controlling] listed insects that come in contact with the product. The other ingredient is absorbed into the plant, moves rapidly throughout, and causes listed insects [which ingest plant tissue] to stop feeding and die. Difenoconazole 0.66/Thiamethoxam 0.40/Lambda-cyhalothrin 0.16 ME Concentrate keeps listed insects from reestablishing for up to 30 days.

Difenoconazole 0.66/Thiamethoxam 0.40/Lambda-cyhalothrin 0.16 ME Concentrate contains a broad-spectrum fungicide that works systemically from within the plant, controlling many important plant diseases.

Where to Apply

- Roses
- [Landscape plants]
- [Landscape plantings]
- [Landscape ornamentals]
- [Landscape plants such as] [trees and shrubs] [foliage plants] [and] [groundcovers]
- [Landscape plantings such as] [trees and shrubs] [foliage plants] [and] [groundcovers]

- [Landscape ornamentals such as] [trees and shrubs] [foliage plants] [and] [groundcovers]
- [Flower beds]

How to Apply [Mix and Spray product only]

- **[Shake container well]** before each use.]
- **Carefully measure and mix** 3 fl. oz. [in] [to] 1 gallon of water.
- [Squeeze and pour container only] **[Remove cap and inner seal]** from the calibrated [dosing] [measuring] chamber. Gently squeeze bottle to fill chamber to the appropriate [level] [dose] [for the desired spray volume]. Pour [Difenoconazole 0.66/Thiamethoxam 0.40/Lambda-cyhalothrin 0.16 ME Concentrate] [concentrate] directly into sprayer and slowly add the appropriate amount of water. Replace cap.]
- **Spray uniformly** to wet the top and bottom of leaves, but not to [runoff] [dripping].
- **Flush sprayer** with clean water after each use.

How to Apply [Hose End Spray product only]

- **[Shake container well]** before each use.]
- **Connect a garden hose** to the [Hose End Sprayer] nozzle. Make sure the dial on the hose end sprayer is in the "OFF" position [with the safety tab in the valve notch].
- **Turn on water at faucet.** Extend hose to the farthest area to be treated and work back toward the faucet so you don't come in contact with the treated area.
- **To begin spraying,** point nozzle toward treatment area and [1.) bend the safety tab back with your thumb, 2.) hold safety tab back while turning dial counter clockwise until it stops.] turn the hose end sprayer to the "ON" position. Water will automatically mix with the product. [Optional graphic of hose end sprayer]
- **Spray uniformly** to wet the top and bottom of leaves, but not to [runoff] [dripping].
- **To stop spraying,** quickly turn the [dial counter clockwise until it stops and the safety tab engages into the notch on the valve] [hose end sprayer to the "OFF" position]. Turn water off at faucet. To relieve pressure before removing nozzle from hose, [bend the safety tab back and turn dial "ON"] [turn the hose end sprayer to the "ON" position] until water stops spraying.

When to Apply

- Apply when listed insects and diseases are present or as a preventative. [Early applications are the most effective.]
- [Contact your local Cooperative Extension Service for more information on the best time to apply in your area.]
- Insect control lasts for up to 30 days. Reapply as needed. For disease control, re-apply in 7-14 days, if necessary.

[Controls] [Kills] These Diseases

Black spot
Powdery mildew
Rust
Scab
Leaf spot diseases

Coverage

[24 fl. oz. container treats 91 sq. ft.]
[28.8 fl. oz. container treats 109 sq. ft.]
[32 fl. oz. container treats 121 sq. ft.]
[64 fl. oz. container treats 242 sq. ft.]
[128 fl. oz. container treats 484 sq. ft.]

[Controls] [Kills] These Listed Insects

Adelgids	June beetles (adults)	Scale insects (crawlers)*
[Hemlock woolly adelgid]	Lace bugs	[California red scale
Ants (except fire ants,	[Azalea lace bug]	(crawlers)*]
pharaoh ants and	Leaf rollers	[Pine needle scale
carpenter ants)	Leaf skeletonizers	(crawlers*)]
Aphids	Leaf-feeding beetles	Soft Scales*
Armyworms	Leaf-feeding caterpillars	[Florida wax scale*]
Azalea caterpillars	Leafhoppers	[Brown soft scale*]
Bagworms**	Leafminers (adults)	[Fletcher scale*]
Black vine weevils (adult)	Mealybugs	Spider mites
Blister gall	Midges	Spittlebugs
Boxelder bugs	Mosquitoes	Spiders (except brown
Broadmites	Nipple gall	recluse and black widow)
Budworms	Oleander moth larvae	Striped beetles
California oakworms	Pillbugs	Striped oakworms
Cankerworms	Pine shoot beetles	Tent caterpillars
Clover mites	Pinetip moths	[Forest tent caterpillars]
Cockroaches	Plant bugs	[Eastern tent caterpillars]
Crickets	Root weevils	Thrips
Cutworms	Sawflies	Tip moths
Elm leaf beetles	[Pine sawflies]	Tussock moth larvae
Fall webworms	[Pear sawfly]	Wasps
Flea beetles	[European sawflies]	Whiteflies
Gypsy moth larvae		
Honeylocust pod gall midge		
Japanese beetles (adults)		

* For best control of scale insects, spray leaves, stems, and trunks thoroughly.

****** Spray directly on the bagworm larvae after they hatch. Control is most effective when the larvae are young.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage

Store in a cool, dry, secure place. Keep container closed and away from food, feedstuffs, and domestic water supplies.

Pesticide Disposal and Container Handling (consumer products)

Non-refillable container. Do not reuse or refill this container.

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or 1-800-888-8372 [Alternate phone number] for disposal instructions. Never place unused product down any indoor or outdoor drain.

Optional Comprehensive List of Marketing Claims

- Three-Way Control - Contact and systemic insect control plus systemic disease control.
- Three-Way Action - Contact and systemic insect control plus systemic disease control.
- Triple Action - Contact and systemic insect control plus systemic disease control.
- Three-Way Control - Contact and systemic insect control plus systemic disease control.
- Three-Way Action - Contact and systemic insect control plus systemic disease control.
- 2 + 1 Action - Contact and systemic insect control plus systemic disease control.
- 2 + 1 Control - Contact and systemic insect control plus systemic disease control.
- 3-in-1 Formula [- Controls listed insects on contact and systemically and controls diseases]
- Dual-Action Insect Control
- Dual-Action Insect Control and Systemic Disease Control
- Dual-Action Insect Control Plus Systemic Disease Control
- Dual Activity Insect Control
- Fast-Acting [Formula]
- Long-Lasting Insect [Control] [Killer]
- Broad Spectrum Insect Formula
- Broad Spectrum Insect Control
- Stops disease[s] and prevents new infection[s]
- Kills many listed insects on contact [plus residual control]
- Residual control
- [Dual-action] insect control: contact plus long-lasting residual
- [Difenoconazole 0.66/Thiamethoxam 0.40/Lambda-cyhalothrin 0.16 ME Concentrate] Keeps listed insects from reestablishing for up to 30 days.
- [Difenoconazole 0.66/Thiamethoxam 0.40/Lambda-cyhalothrin 0.16 ME Concentrate] Extended Control
- Kills many listed insects for up to 30 days
- Controls many listed insects for up to 30 days
- Kills many [surface] listed insects on contact
- [Insect] Feeding will stop within minutes
- Kills fast
- Fast Killing
- Kills many listed insects in 24 hours
- Controls many listed insects in 24 hours
- [Rainproof] [Rainfast] [Waterproof] within 1 hour
- Rain and waterproof in 60 minutes [or less]
- Rain and waterproof in one hour [or less]
- Controls [Many] Pests on Roses [and Landscape plants]
- Controls [Many] Pests on Roses [and Landscape plantings]
- Controls [Many] Pests on Roses [and Landscape ornamentals]

- Controls [Many] Pests on Landscape plants
- Controls [Many] Pests on Landscape plantings
- Controls [Many] Pests on Landscape ornamentals
- For use on roses [and [all] landscape plants] [and flower beds]
- For use on roses [and [all] landscape plantings] [and flower beds]
- For use on roses [and [all] landscape ornamentals] [and flower beds]
- For insect and disease control on roses [and [all] landscape plants] [and flower beds]
- For insect and disease control on roses [and [all] landscape plantings] [and flower beds]
- For insect and disease control on roses [and [all] landscape ornamentals] [and flower beds]
- Can be used on roses [and [all] landscape plants] [and flower beds]
- Can be used on roses [and [all] landscape plantings] [and flower beds]
- Can be used on roses [and [all] landscape ornamentals] [and flower beds]
- Can be Applied to: [Roses] [Landscape [plants] [plantings] [ornamentals]] [and] [Flower Beds]
- Kills Listed [Pests] [Insects and Diseases] on Roses [and Landscape plants]
- Kills Listed [Pests] [Insects and Diseases] on Roses [and Landscape plantings]
- Kills Listed [Pests] [Insects and Diseases] on Roses [and Landscape ornamentals]
- Kills Listed [Pests] [Insects and Diseases] on Landscape plants
- Kills Listed [Pests] [Insects and Diseases] on Landscape plantings
- Kills Listed [Pests] [Insects and Diseases] on Landscape ornamentals
- Controls Listed [Pests] [Insects and Diseases] on Roses [and Landscape plants]
- Controls Listed [Pests] [Insects and Diseases] on Roses [and Landscape plantings]
- Controls Listed [Pests] [Insects and Diseases] on Roses [and Landscape ornamentals]
- Controls Listed [Pests] [Insects and Diseases] on Landscape plants
- Controls Listed [Pests] [Insects and Diseases] on Landscape plantings
- Controls Listed [Pests] [Insects and Diseases] on Landscape ornamentals
- Kills A Variety of Diseases [and Listed Insects] on Roses and Landscape Plants
- Controls A Variety of Diseases [and Listed Insects] on Roses and Landscape Plants
- Kills A Variety of Pests on Roses and Landscape Plants
- Controls A Variety of Pests on Roses and Landscape Plants
- Kills A Variety Listed Insects on Roses and Landscape Plants
- Controls A Variety of Listed Insects on Roses and Landscape Plants
- [Stops] [Controls and] prevents major disease problems on roses, landscape plants and flowers
- [Stops] [Controls and] prevents major disease problems on roses, landscape plantings and flowers
- [Stops] [Controls and] prevents major disease problems on roses, landscape ornamentals and flowers
- [Stops] [Controls and] prevents black spot, powdery mildew and rust diseases in roses
- Controls black spot, powdery mildew and rust diseases [and more]
- Stops [Controls] and Prevents certain Diseases

- Systemic Fungicide
- Insect and disease protection for roses, landscape plants and flowers
- Insect and disease protection for roses, landscape plantings and flowers
- Insect and disease protection for roses, landscape ornamentals and flowers
- [Stops and] prevents major insect problems on roses, landscape plants and flowers
- [Stops and] prevents major insect problems on roses, landscape plantings and flowers
- [Stops and] prevents major insect problems on roses, landscape ornamentals and flowers
- Absorbs [penetrates] the plant to provide protection from the inside
- [Difenoconazole 0.66/Thiamethoxam 0.40/Lambda-cyhalothrin 0.16 ME Concentrate] Moves through new plant growth for long lasting insect protection
- [Difenoconazole 0.66/Thiamethoxam 0.40/Lambda-cyhalothrin 0.16 ME Concentrate] Moves through new plant growth for long lasting insect control
- Treats Up to [85 for 1 pint product] [plants] [roses]
- Kills more than 50 insects
- Kills more than 65 insects
- Controls more than 50 insects
- Controls more than 65 insects
- Kills Ants [On Contact]
- Kills Japanese Beetles [on contact]
- Kills whiteflies, [and] aphids, [and] [mealybugs]
- Kills scale insects
- Kills wasps
- Kills listed insect pests on roses
- Keeps protecting plants from insect damage for up to 30 days
