

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs  
Registration Division (7505P)  
1200 Pennsylvania Ave., N.W.  
Washington, D.C. 20460

EPA Reg. Number:

100-1478

Date of Issuance:

8/28/15

NOTICE OF PESTICIDE:

Registration  
 Reregistration  
(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

Benzovindiflupyr Technical

Name and Address of Registrant (include ZIP Code):

Adora Clark  
Syngenta Crop Protection, LLC  
P.O. Box 18300  
410 Swing Road  
Greensboro, NC 27419

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(C). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

  
(for) Cynthia Giles-Parker, Chief  
Fungicide Branch  
Registration Division 7505P

Date:

8/28/15

2. You are required to submit to the Agency the following studies by the dates indicated below.
  - a. Acute oral toxicity to larval honey bees.
  - b. Chronic oral toxicity to larval honey bees.
  - c. Chronic oral toxicity to adult honey bees.

Protocols for both of the chronic bee studies must be submitted within 60 days of the registration. The deadline for you to submit each of the bee studies is 09/01/18.

Tier II studies are required if triggered by the Tier I studies listed above. In the event Tier III studies are triggered by the Tier II results, they will also be required. If any higher tier studies are necessary, you must submit them to EPA within 3 years of notification by the agency that such higher tier studies are required.

- d. A controlled water monitoring study to provide further data on the environmental fate of benzovindiflupyr in the aquatic environment must be submitted to the Agency. A protocol must be submitted within 90 days of the registration. A preliminary report must be submitted by 12/31/16. An updated report must be submitted by 12/31/17. The completed study must be submitted by 09/01/18. If the EPA does not respond to the submitted protocol within sixty (60) days of receipt, EPA and the Registrant will discuss and agree to reasonable extensions of the dates for submission of the preliminary report and study.
- e. Field study to determine the effectiveness of vegetative filter strips (VFS). The study should address effectiveness relative to run-off reduction, sediment transport rates and delivery totals of benzovindiflupyr in water bodies. A protocol must be submitted within 90 days of the registration. A preliminary report must be submitted by 12/31/16. The deadline for you to submit the study is 09/01/18. If the EPA does not respond to the submitted protocol within sixty (60) days of receipt, EPA and the Registrant will discuss and agree to reasonable extensions of the dates for submission of the preliminary report and study.
- f. Based on the EPA's review of the results of the studies in paragraphs d. and e., EPA may determine either that the study described in paragraph d. must be extended or that other studies or monitoring are needed in order to allow the Agency to continue to conclude that benzovindiflupyr does not pose unreasonable adverse effects on the environment insofar as aquatic risk are concerned as per the agreement letter of August 28, 2015.
- g. In addition to the VFS study, the registrant within one hundred and twenty (120) days of registration must submit plans for an educational program on VFS. The program will start in 2015. It will include educational resources on best practices for construction and maintenance of filter strips and information on the effectiveness of vegetative filter strips as related to their size. The educational resources will be focused on use by landowners and those leasing land. The resources may be generic (not chemical or product-specific) and will be developed in collaboration with partners in the Extension, University, State Lead Agency, and other education communities to meet State and local needs. Copies of all educational materials must be submitted to the Agency. Additionally, status reports on the materials'

creation, distribution efforts, and any public feedback resulting from trainings/dissemination of the materials are required.

- h. An additional chronic (42-d) sediment toxicity study with the freshwater amphipod, *Hyalella azteca*. A protocol must be submitted within ninety (90) days of the issuance of the registration. The deadline for the study is 09/01/17.

If the EPA determines, based on the data submitted pursuant to the conditions in the Notice or on any other data or other information received by the Agency, that one or more label revisions are required to prevent unreasonable adverse effects on the environment insofar as aquatic risks are concerned, EPA may notify the Registrant of the Agency's determination that identified revisions to the label are necessary as per the agreement letter from the Registrant dated August 28, 2015. If labels revisions are necessary to mitigate adverse effects, you must incorporate all revisions identified by the Agency and submit for approval a revised label within sixty (60) days of the Agency's notification to you of the need for such a revised label. In the event of such a revision, product may not be released for shipment under the terms of this registration more than twelve (12) months after the Agency approves such a revised label unless the product bears the appropriate revised label.

3. Make the following label changes before you release the product for shipment:
  - Revise the EPA Registration Number to read, "EPA Reg. No. 100-1478."
4. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that with such a reference, the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 11/14/2012

- Alternate CSF 1 dated 11/14/2012
- Alternate CSF 2 dated 11/14/2012

### PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

#### WARNING/AVISO

May be fatal if swallowed. Harmful if absorbed through skin or inhaled. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Avoid contact with skin, eyes, or clothing. Avoid breathing spray mist.

**Environmental Hazards:** Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product is intended for the formulation into an end-use fungicide.

This product may be used to formulate products for specific use(s) not listed on the MP label if the formulator, user group, or grower has complied with the U.S. EPA data submission requirements regarding the support of such use(s).

Only for formulation into a fungicide for the following uses: lowbush blueberries; Rapeseed Subgroup 20A; cereals (wheat, barley, oats [forage, hay, hulls, and seed], triticale, rye); corn (field, sweet, popcorn); Cotton Subgroup 20C and cotton gin by-products; Cucurbit Vegetable Group 9; small fruit vine climbing subgroup 13-07F (except fuzzy kiwifruit); grapes (except Concord, Concord Seedless, Thomcord); dried shelled pea and bean (except soybean) subgroup 6C; pea, hay; pea, vine; peanut, nutmeat; peanut, hay; Fruiting Vegetable Crop Group 8-10; Pome Fruit Group 11-10; Potato (processed waste only); soybean [forage, hay, hulls, and seed]; Tuberos and Corn Vegetable Subgroup 1C; golf course turf; ornamentals crops grown in greenhouses, outdoor nurseries, shade houses, lath houses, retail nurseries, and non-residential landscapes.

#### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

**Pesticide Storage:** Store in a cool, dry place. Store in original containers only. Keep container closed when not in use. Do not store near food or feed.

**Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

#### Container Handling:

Bags: Nonrefillable container. Do not reuse or refill this container. Completely empty bag into formulation equipment. Then offer for recycling if available or dispose of empty bag in a sanitary landfill or by incineration or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

Fiber Drums with Liners: Nonrefillable container. Do not reuse or refill this container. Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into formulation equipment. Then offer for recycling if available or dispose of liner in a sanitary landfill or by incineration or by other procedures allowed by state and local authorities. If drum is contaminated and cannot be reused, dispose of it in a manner required by its liner.

For minor spills, leaks, etc., follow all precautions indicated on this label and clean up immediately. Take special care to avoid contamination of equipment and facilities during cleanup and disposal of wastes. In the event of a major spill, fire, or other emergency, call 1-800-888-8372, day or night.

**CONTAINER IS NOT SAFE FOR FOOD, FEED OR DRINKING WATER.**

## CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

**NOTICE:** Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of this product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as manner of use or application, weather or crop conditions, presence of other materials or other influencing factors in the use of the product, which are beyond the control of SYNGENTA CROP PROTECTION, LLC or Seller. To the extent permitted by applicable law, Buyer and User agree to hold SYNGENTA and Seller harmless for any claims relating to such factors.

SYNGENTA warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks referred to above, when used in accordance with directions under normal use conditions. To the extent permitted by applicable law: (1) this warranty does not extend to the use of the product contrary to label instructions or under conditions not reasonably foreseeable to or beyond the control of Seller or SYNGENTA, and; (2) Buyer and User assume the risk of any such use. TO THE EXTENT PERMITTED BY APPLICABLE LAW, SYNGENTA MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS WARRANTED BY THIS LABEL.

To the extent permitted by applicable law, in no event shall SYNGENTA be liable for any incidental, consequential or special damages resulting from the use or handling of this product. TO THE EXTENT PERMITTED BY APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF SYNGENTA AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF SYNGENTA OR SELLER, THE REPLACEMENT OF THE PRODUCT.

SYNGENTA and Seller offer this product, and Buyer and User accept it, subject to the foregoing Conditions of Sale and Limitation of Warranty and Liability, which may not be modified except by written agreement signed by a duly authorized representative of SYNGENTA.
