Re: Syngenta Crop Protection, LLC; SOYACYST™ Tech Plus
EPA Registration No. 100-1523
Minor Label ("Fast Track") Amendment
Submissions Dated 11/01/2013, 01/16/2014, and 03/12/2014
Decision No. 484854

Dear Ms. MacIntosh:

The U.S. Environmental Protection Agency (EPA) reviewed your request to amend the subject product registration, which included the following changes to the product label:

- 1) Adjustment of the format, sequence, and/or content of some of the label information (e.g., warranty statement and EPA Registration Number) to reflect a recent transfer of the registration to Syngenta Crop Protection, LLC.
- 2) Modification of the "For formulation into . . ." statement in the Directions for Use to include sugarbeet seed treatment.

All the changes referred to above, submitted in connection with registration under section 3(c)(5) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), are acceptable provided that you submit two (2) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for further description of final printed labeling.

Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions. If you have any questions regarding this letter, please contact Ms. Jeannine Kausch of my staff by telephone (703-347-8920) or email (kausch.jeannine@epa.gov).
