

SHAKE WELL BEFORE USING

DIRECTIONS

Close doors and windows to confine aerosol. Direct spray high into air throughout the room and spray for 4 to 5 seconds per 1000 cubic feet of room space. Keep room closed for 15 minutes after treating. Do not remain in treated areas. Ventilate the area after treatment is completed.

To control spiders, spray directly in webs, corners and dark places where spiders may hide. To control roaches, spray cracks, crevices and other hiding places, hitting as many insects as possible with the spray. Repeat weekly or oftener as required.

CAUTION

Use this product in food processing plants only when plant is not in operation. Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using the product in food processing and handling areas, apply only when the facility is not in operation.

To protect finish of floors, walls, plastic and other surfaces hold can at least 36 inches away.

Remove pets, birds and cover fish aquariums before spraying.
