

E.P.A. Registration No. 106-41

**A.O.A.C. PHENOL COEFFICIENTS**  
(at 20 Centigrade):

28.8 against Staph. Aureus  
(Golden Staph.)  
16.7 against Salmonella Typhosa

The outstanding action of CDQ is due to a combination of quaternary ammonium disinfectant, a biodegradable detergent and synergizing builders.

**DIRECTIONS AND USE DILUTIONS**

Brulin's CDQ is a concentrate and must be diluted before use. For normal cleaning and disinfecting use 2 to 4 ounces per gallon of water. See center panel. Floors should be mopped with this solution using only clean mops. Other hard surfaces wipe with clean rags or use hand scrub brush. Wear rubber or plastic gloves while hand scrubbing and rinsing.

Outstanding rinsability, moderate foam height and synergized cleaning make CDQ outstanding for most washable surfaces including composition terrazzo and marble floors, glass and metal equipment and painted and varnished surfaces, vinyl and leather upholstery. Removes heavy soils and even strips wax from floors.

CDQ is a commercial product not intended for home use.

**DISINFECTS, DEODORIZES AND  
CLEANS IN ONE OPERATION FOR  
ALL HOSPITAL FURNISHINGS\* AND  
OTHER WASHABLE SURFACES**

\*Use at 4 oz. per gallon to kill *Ps. aeruginosa*. 2 oz. per gallon may be used to kill *S. aureus* and *S. choleraesuis*.

**DANGER**

**Keep Out of Reach of Children**

Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Protect eyes and skin when handling. Harmful if swallowed. Avoid contamination of food.

**FIRST AID:** In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Call a physician immediately.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

Rinse empty container thoroughly with clean water and discard it.
