FOR INDUSTRIAL AREAS ONLY
Factories, motels and schools.

FORMULA FIVE

DIRECTIONS

Floors: First clean with a solution of suitable liquid cleaner, such as Brulin's 815MX, Sudsdown®, or equivalent. Rinse thoroughly to insure proper cleansing action. Use household measuring cup to draw off correct amount of FORMULA FIVE. Use graduated pitcher or mop bucket marked in U.S. gallon measure to assure correct amount of water mix.

Disinfect and deodorize by mopping on solution of 2½ oz. of FORMULA FIVE per gallon of water (1:50). Floor should be damp mopped daily with this solution.

Toilet Seats, Showers and Locker Rooms: Use solution of 2½ oz. FORMULA FIVE per gallon of water (1:50). Treat fixtures, baseboards, and floors with this solution once or twice daily.

Receptacles, Garbage and Refuse Cans, Hallways, Stairways, etc.: Sprinkle or spray on a solution of 2 oz. FORMULA FIVE per gallon of water.

IN ALL CASES, allow FORMULA FIVE solution to remain in contact with treated surfaces for 10 minutes.
