### MOTH CRYSTALS

#### *Directions for Using*

**VERY EFFECTIVE FOR DESTROYING CERTAIN  
OFFENSIVE ODORS**

Sprinkle generously in closets, kitchens, basements, toilets, laundries, etc., to overcome unpleasant odors.

**FOR FABRICS, FURS, etc.,** brush thoroughly and hang in bright sunshine for one hour or more. Then pack them in tight containers such as trunks, chests, paper bags, etc. For a small container up to 5 cubic feet, such as a hat box, sprinkle in one ounce (a heaping tablespoon) of Rawleigh Moth Crystals. For a larger container from 5 to 10 cubic feet, such as a suitcase or trunk, use two ounces (approximately 1/4 cup).

**FOR CARPETS OR FURNITURE.** Sprinkle generously under carpet or article and cover with heavy paper for twelve hours.

**BEST RESULTS** can be obtained by regular application of Rawleigh Moth Crystals to kill moths after thoroughly cleaning articles. If desired, lid may be removed from can, and container set in corner of closet or other confined areas.

## MOTH CRYSTALS

### Directions for Use

VERY EFFECTIVE FOR DESTROYING CERTAIN  
OFFENSIVE ODORES

Sprinkle liberally in closets, kitchen, bathroom, etc., and in drawers, etc., to give a fresh, clean odor.

**FOR FABRICS, FURS, etc.**—Treat thoroughly and hang in bright sunshine for several hours. Then pack them in tight containers, such as trunks, chests, paper bags, etc. For a small container up to 5 cubic feet use a quart box, sprinkle in one corner a heaping table spoon of Rawleigh Moth Crystals. For a large container from 5 to 10 cubic feet, such as a suitcase or trunk, use two spoonfuls (maximally 1/2 oz.).

**FOR CLOSETS OR FURNITURE.** Sprinkle generously and seal the closet or furniture with heavy paper for several days.

**FOR RESIDUAL PROTECTION.** Apply regular applications of Rawleigh Moth Crystals to kill moths before they lay eggs. If the infestation is already advanced, it may be necessary to repeat applications several times.
