PINE OIL TYPE DISINFECTANT
Kills Household Germs

108-49

HOUSEHOLD CLEANING: Use 1/4 cup Rawleigh Pine Oil Type Disinfectant to one gallon of water. To dissolve greasy grime and film, dampen mop, sponge or cloth with same mixture and wipe away. No scrubbing, re-washing or rinsing is necessary on most jobs. (Note: On rubber or asphalt tile, rinse right away with clear water.) Grease, crayon or finger marks disappear in seconds. Most stains are easily removed from porcelain and all appliances, walls, woodwork, venetian blinds. With an extra greasy, dab on Rawleigh Pine Oil Type Disinfectant full-strength, and rinse off.

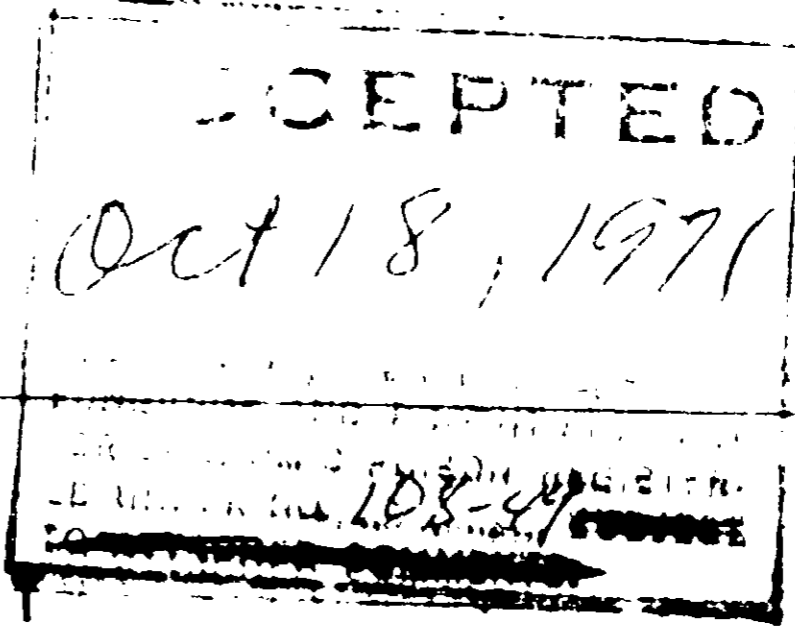

HOUSE DISINFECTING: To quickly kill household germs on kitchen, bathroom, shower, nursery and basement floors and walls, use 1 quart of Pine Oil Type Disinfectant to 1 gallon of water.

BACIT PANEL
 PINE OIL TYPE DISINFECTANT
Kills Household Germs

108-49

HOUSEHOLD CLEANING: Use $\frac{1}{4}$ cup Rawleigh Pine Oil Type Disinfectant to one gallon of water. To dissolve greasy grime and film, dampen mop, sponge or cloth with same mixture and wipe away. No scrubbing, re-washing or rinsing is necessary on most jobs. (Note: On rubber or asphalt tile, rinse right away with clear water.) Grease, crayon or finger marks disappear in seconds. Most stains are easily removed from porcelain and all appliances, walls, woodwork, venetian blinds. When extra greasy, dab on Rawleigh Pine Oil Type Disinfectant full-strength, and rinse off.

HOME DISINFECTING: To quickly kill household germs on kitchen, bathroom, shower, nursery and basement floors and walls, use $\frac{1}{2}$ cup of Pine Oil Type Disinfectant to 1 gallon of water.

Use $\frac{1}{4}$ cup of Pine Oil Type Disinfectant to $\frac{1}{2}$ gallon of water to disinfect sinks and toilet seats.

FOR HYGIENICALLY CLEAN LAUNDRY: Add $\frac{1}{2}$ cup Pine Oil Type Disinfectant with regular soap or detergent. Leaves diapers and laundry clean, fresh and odor-free. For stubborn stains or spots, use full-strength before adding to regular wash. To ensure inhibition of odor-causing bacteria from diapers, pre-soak in solution of $\frac{1}{2}$ cup Pine Oil Type Disinfectant per gallon of water.

CAUTION: Harmful if swallowed. Avoid skin contact and splashing in eyes. Wash eyes and skin with large amounts of flowing water if exposed. If irritation persists, get medical attention.
