U.S. ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (771-367) WASHINGTON, D.C. 20460	EPA REGISTRATION NO.	DATE OF ISSUANCE
	110-17	APR 9 1985
	TERM OF ISSUANCE	
<b>NOTICE OF PESTICIDE:</b> <input checked="" type="checkbox"/> REGISTRATION <input type="checkbox"/> REREGISTRATION (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)	NAME OF PESTICIDE PRODUCT	
	D. P. 15	

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Madison Chemical Company, Inc.  
 P.O. Box 125  
 Madison, TN 37250

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
  2. Add the phrase "EPA Registration No. 110-17" to your label before you release the product for shipment.
  3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-29 enclosure for a further description of final printed labeling.
- If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(d). Your release for shipment of the product constitutes acceptance of these conditions.
- A stamped copy of the label is enclosed for your records.

## WASH SANITIZER

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND  
DOMESTIC ANIMALS**

Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public waters unless in accordance with an NPDES permit. For guidance contact your regional office of EPA.

**PHYSICAL AND CHEMICAL HAZARDS**

Strong oxidizing agent. Mix only with water. Use clean utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals may start a chemical reaction with generation of heat, generation of hazardous gases and possible generation of fire explosion. In case of contamination or decomposition do not reseat container. If possible isolate container in open air or well-ventilated area. Flood with large volume of water if necessary.

**Active Ingredient**

Sodium Dichloro-s-triazinetriene Dihydrate.....28%  
Inert Ingredients.....72%  
Provides 15.8% available chlorine

**KEEP OUT OF REACH OF CHILDREN**

**DANGER**

**Practical Treatment FIRST AID**

If swallowed: Feed bread soaked in milk followed by olive oil or cooking oil. Call a physician immediately. If on skin: Brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists get medical attention. If in eyes: Flush with cold water for at least 15 minutes. Get medical attention.

ACCEPTED  
with COMMENTS  
in EPA Letter Dated:

APR 9 1985

Under the Fungicide, Herbicide,  
Fertilizer, and Plant Growth Act  
as amended for the pesticide  
registrations under EPA Reg. No.  
110-17

Manufactured by

MADISON CHEMICAL COMPANY, INC.  
P. O. Box 125  
Madison, Indiana 47250

DART 875 WASH SANITIZER is used for use in spray washers for and clean eggs prior to use. WASH SANITIZER is also recommended use in sanitizing dishes, glasses, food processing equipment and utensils including dairy and brewery equipment and utensils.

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

For egg wash: Dissolve one ounce of DART 875 WASH SANITIZER in ten gallons of warm (125°F.) water. This provides 100 ppm of available chlorine. With a conveyor type machine, spray with the 100 ppm available chlorine solution and allow eggs to drain and dry. Eggs may be rinsed with potable water if desired. For dishes, glasses, food processing equipment and utensils: Dissolve one ounce of DART 875 WASH SANITIZER per ten gallons of warm (125°F.) water. This provides 100 ppm of available chlorine. Clean and rinse items prior to sanitizing. Then dip the items to be sanitized in solution, hold for two or three minutes and remove, allow to drip dry. The same solution may be used in the feed tank for immersion or spray-type machines providing two to five minutes contact time for sanitizing dishes, glasses and food processing equipment and utensils. The items are then ready for use. The sanitizing solutions should be used promptly after mixing. If the solution is allowed to stand or is reused and tests show the level of chlorine has not been maintained, additional DART 875 WASH SANITIZER should be added to maintain a minimum concentration of 100 ppm available chlorine.

**STORAGE AND DISPOSAL**

Keep product dry in tightly closed containers when not in use. Store in a cool well-ventilated area away from heat or open flame. In case of a decomposition isolate container if possible and flood with large amounts of water to dissolve all material before discarding. Place in trash collection or incineration.
