Attention: Robert J. Sasala

Gentlemen:

Subject: MINTEXO No. 182
EPA Registration No. 115-24
Your Submission Dated November 20, 1987

The amendment referred to above, submitted in connection with the Label Improvement Program Notice for Antimicrobial Products Used as Food Contact Surface Sanitizers, is acceptable provided that you:

1. Make the labeling changes listed below:
 - a. Delete from the active ingredients in the ingredient statement, Tetrasodium EDTA, Sodium carbonate and Sodium metasilicate, and include them with inert ingredients.
 - b. Delete the following paragraph from the left panel: "Mintexo No. 182 is an extremely effective one-step sanitizer. It cleans and sanitizes in waters up to 800 ppm hardness. This hard water tolerance is in excess of most potable waters and will insure complete sanitizing action when used as directed."
 - c. Under the DIRECTIONS FOR USE heading add the following misuse statement.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
 - d. The AOAC Phenol Coefficients claim should also be deleted.

2. Submit five (5) copies of the corrected final printed label for our review.

If you have any questions concerning this letter, please call Mr. Robert Young (703) 557-3966.

Sincerely yours,

John H. Lee
Product Manager (31)
Disinfectants Branch
Registration Division (TS-767C)

Cross-infection is of major housekeeping concern not only in hospitals, but in schools, institutions, and industry. MINTEXO No. 182 is formulated for this problem area. It both cleans and disinfects effectively and is virucidal when used as directed. Its hard surface disinfecting action will reduce the hazard of cross-infection.

MINTEXO No. 182 is an extremely effective one-step sanitizer. It cleans and sanitizes in waters up to 800 ppm hardness. This hard water tolerance is in excess of most potable waters and will insure complete sanitizing action when used as directed.

Two ounces of MINTEXO No. 182 per gallon of water will deodorize bathrooms, garbage storage areas, and other areas where bacterial growth can cause mal odors.

WARNING

Keep out of the reach of children. May cause severe eye irritation or eye damage. Causes skin irritation. Do not get in eyes, on skin, or on clothing. Harmful if swallowed. Avoid contamination of food.

FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink promptly a large quantity of water. Avoid alcohol. Call a physician immediately.
