**NET WEIGHT 14 OUNCES**

**CUTTER**  
**INSECT REPELLENT  
SPRAY**

The obvious advantage of using this repellent spray is that large areas of skin and particularly clothing (See Cautions) can be covered quickly and effectively. For especially vulnerable skin areas such as face, hands, and arms we recommend Cutter Insect Repellent Cream (1 oz.) or Foam (2 oz.) as a longer lasting and more potent product.

**DIRECTIONS**

Hold unit 6 to 8 inches from skin or clothing while spraying, keeping nozzle up and pointed away from face. Slightly moisten skin or clothing with slow, sweeping motion. Saturation is unnecessary. Apply on face by first spraying small amount in palm of hand and spreading on face and neck; keep away from eyes, lips, eyebrows, and prevent children from rubbing eyes if hands are treated with spray.

Spray shirts, coats, stockings, etc. For chiggers and ticks, spray pants cuffs, socks, tops of shoes and other openings in clothing. Will not damage nylon, cotton, wool.

**CAUTION:** Flammable Mixture -- DO NOT USE NEAR FIRE OR FLAME or expose treated skin or clothes to these elements. For external use only. Do not spray on face as may cause smarting of eyes and lips. Do not apply to synthetic fabrics other than nylon. May damage finishes, plastics, painted, and varnished surfaces. May cause skin reactions in rare cases.

Active Ingredients: N, N Diethyl-meta-toluamide, 17.10%;  
Other Isomers, 0.90%; Dimethyl Phthalate, 5.00%; Butyl  
3,4-dihydro-2,2-dimethyl-4-oxo-1, 2H-pyran-6-carboxylate,  
2.00%.

Inert Ingredients: 75%.
