CUTTER

The obvious advantage of using this repellent spray is that large areas of skin and particularly clothing (See Cautions) can be covered quickly and effectively. For especially vulnerable skin areas such as face, hands, and arms we recommend Cutter Insect Repellent Cream as a longer lasting and more potent product.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS—CAUTION For external use only. Harmful if swallowed. May cause eye irritation. Avoid contact with eyes, lips or open cuts. Do not expose treated skin or clothes to fire, sparks or flame until liquid has evaporated.

STATEMENTS OF PRACTICAL TREATMENT

IF SWALLOWED Call a physician or Poison Control Center.

IF ON SKIN May cause skin reactions in rare cases. If so, wash thoroughly with soap and water. Get medical attention if irritation persists.

IF IN EYES Flush with plenty of water. Get medical attention if irritation persists.

DIRECTIONS FOR USE It is violation of Federal Law to use this product in a manner inconsistent with its labeling. Hold unit 6 to 8 inches from skin or clothing while spraying, keeping nozzle up and pointed away from face. Slightly moisten skin or clothing with slow, sweeping motions. Saturation is unnecessary. Apply on face by first spraying small amounts in palm of hand and spreading on face and neck. Prevent children from rubbing eyes if hands are treated with spray. To repel chiggers, ticks and fleas, spray pant cuffs, socks, and around openings in outer clothing. Will not damage nylon, cotton, wool. May damage some synthetic fabrics, plastics, leather, painted and varnished surfaces.

PHYSICAL OR CHEMICAL HAZARDS FLAMMABLE Contents under pressure. Keep away from heat, sparks or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

DISPOSAL Do not reuse empty container. Wrap container and put in trash.
