NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is currently registered in accordance with FIFRA sec. 2(b)(1). The registrant must submit all data required for registration/reregistration under FIFRA sec. 3(c)(15) when the Agency requires all registrants of similar products to submit such data. The registrant must place EPA Registration No. 121-25 on your label before shipment. Submit three copies of your final printed labeling before you ship the product. Refer to the 22 Enclosure for a further description of the labeling. The product, if it complies with the registration will be listed in the Federal Register under FIFRA sec. 2(b)(1). Your release of this product is subject to the conditions of registration. This registration is for your records.
