3. Within the First Aid Section, the "If you suspect a reaction to this product: Discontinue use. Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a Poison Control Center or doctor for treatment advise." may be removed, since is it redundant to text already contained within the Directions for Use. The insertion of this text is not required under PR Notice 2001-1.

- 4. In accordance with PR Notice 2001-3:
 - a.. To be eligible for reregistration, the following additional statements/requirements are required for all aerosol and pump spray formulations. Therefore, you must add the following statement to the Directions for Use: "Do not spray in enclosed areas".
 - b. Change the following statement "Do not apply over cuts, wounds, or irritated skin." to: "Never use repellents over cuts, wounds, or irritated skin."
 - c. Change the following statement "Avoid over application of this product." to: "Use just enough repellent to cover exposed skin and/or clothing. Heavy application and saturation is unnecessary for effectiveness; if biting insects do not respond to a thin film of repellent, apply a bit more.

Page 3 Notice of Reregistration (continued) EPA Reg. No. 121-57

- d. Change the following statements: "After returning indoors, wash treated skin with soap and water. Wash treated clothing before wearing it again." to" After returning indoors, wash treated skin with soap and water or bathe. This is particularly important when repellents are used repeatedly in a day or on consecutive days. Also, wash treated clothing before wearing it again.
- 5. The Agency is in the process of developing and improving the current Efficacy Assessment Guidelines for repellent products. The Agency intends to defer the determination of any related efficacy data requirements supporting the claims that may appear on this label until these Efficacy Assessment Guidelines are complete. When the guidelines are finalized, the Agency expects to issue a Data Call-in to address the revised guidelines to all registrants with registrations for personal repellent products that have not previously submitted efficacy data sufficiently consistent with the revised guidelines.
- 6. A copy of your label stamped "Accepted with Comments" is enclosed for your records.
