Michael Sarli
Sr. Director Regulatory
Spectrum, Division of United Industries Corp.
P.O. Box 142642
St. Louis, MO 63114-0642

Subject: Notification per PRN 98-10 – addition of Alternate Brand Name and company website to product label
Product Name: Cutter Insect Repellent 15 KA
EPA Registration Number: 121-92
Application Date: 06/11/2019
Decision Number: 557295

Dear Mr. Sarli:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

The alternate brand name Cutter Backwoods Tick Defense Insect Repellent has been added to the product record.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, please contact Jamey Shuler at (703) 347-8036 or by email at Shuler.Jamey@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Elizabeth Fertich". The signature is written in a cursive, flowing style.

OPTIONAL MARKETING TEXT

[*Protection in an odorless formula that feels light and clean!*]

[Cutter Insect Repellent 15KA provides up to 10 hours [of] protection against mosquitoes and ticks.]

[Cutter Insect Repellent 15KA with Picaridin is specially formulated for [fishermen, hunters and other Outdoorsmen] [active lifestyles]. [Cutter Insect Repellent 15KA will not damage plastics or other synthetic materials.]

[Because Cutter Insect Repellent 15KA provides protection without the odor, it is perfect for hunters. Formulated with Picaridin so it will not damage fishing lines or other synthetic materials.]

[Works on clothing too! Spray socks, cuffs, hats and other clothing openings. Will not damage cotton, wool, nylon, acetate or spandex.]

Back Panel

STOP. Read and follow all directions and precautions on this product label.

First Aid

if in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a Poison Control Center or doctor for treatment advice.

Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment. **Hotline Number:** In case of an emergency call 1-800-767-9927.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Use of this product may cause skin reactions in rare cases.

Physical or Chemical Hazards

FLAMMABLE. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Hold 4 to 6 inches from skin while spraying, keeping nozzle pointed away from face. Slightly moisten skin. Excessive amounts or more frequent reapplication should be unnecessary. Do not apply over cuts, wounds, or irritated skin. Do not apply near eyes and mouth. Apply sparingly around ears. When using on children, apply to your own hands and then put it on the child. Use just enough repellent to cover exposed skin. Do not use under clothing. Avoid over application of this product. Do not apply more than three times per day. Do not spray in enclosed areas. If used on face, spray on hands first and then apply sparingly and avoid eyes. Do not spray directly onto face. After returning indoors, wash treated skin with soap and water. Wash treated clothing before wearing it again. **WHEN USING PRODUCT ON CHILDREN:** Do not apply to their hands. To apply to child's face and neck, spray the product into your hands and apply to the child. Take care to avoid mouth and eyes and apply sparingly around their ears. Do not allow children to handle the product.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store the product in a cool, dry place, out of reach of children.

Container Disposal: Do not puncture or incinerate! **If empty:** Offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTICE: To the extent consistent with applicable law buyer assumes all responsibility for safety and use not in accordance with directions.
