1

- 3. Submit the results of one year storage stability (830.6317) and corrosion characteristics (830.6320) to the Agency on completion. It is recommended that the observations be made at 0, 3, 6, 9, & 12 month intervals. The results must be submitted in a hard copy and an electronic format is also requested.
- 4. As agreed on in your email dated August 27, 2008, you will remove the label claims on application to clothing.
- 5. As agreed in your letter of March 12, 2007 the request to add mosquitoes, biting flies, chiggers, gnats, no-see-ums and fleas to the product label is conditionally acceptable provided you submit product specific efficacy data as described in draft EPA Product Performance Guideline 810.3700 for each pest by May 5, 2009. EPA acknowledges receipt of the requested data for mosquitoes and ticks for your picaridin products that are currently under science review. These studies will be considered by the Human Studies Review Board during their January 2009 meeting.

6. The 'Precautionary Statements' should be changed to read as follows: "Causes moderate eye irritation. Avoid contact with eyes. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco."

7. Add the following statements to the 'Directions for Use':

"Do not apply to excessively sunburned skin."

"Do not use under clothing."

"When using on children, apply to your hands and then put it on the child."

"Do not spray in enclosed areas."

"If used on face, spray on hands first and then apply and avoid eyes."

"Do not spray directly on face."

"After returning indoors, wash treated skin with soap and water. If product gets on clothing, wash before wearing again."

"Apply sparingly around ears."

8. The basic Confidential Statement of Formula (CSF) dated September 6, 2005 is acceptable and is the CSF of record for this product.

9. Submit three (3) copies of your final printed labeling before releasing the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing amended labeling constitutes acceptance of these conditions.

2

A stamped copy of the label is enclosed for your records. Please find attached the data evaluation reviews (DERs) for: product chemistry; acute toxicology; and dermal penetration together with an updated risk assessment. Transmittal of the dermal penetration DER and the updated risk assessment is made following the concurrence of Dr. Ghona Sangha in a telephone conversation held on October 30, 2008. If you have any questions regarding this registration, please contact Kevin Sweeney at (703) 305-5063.

OPTIONAL MARKETING TEXT

[Now . . . Pleasant protection against mosquitoes that's effective for hours!

Cutter Insect Repellent SS provides [total] outdoor skin protection conveniently in one bottle. The 15% Picaridin [provides protection from] [repels] mosquitoes for up to 5 hours and also [repels] [provides protection from] tickc, biting flies, no-see-ums, chiggers and fleas. The water resistant SPF 30 sunscreen protects from harmful UVA and UVB rays. This fragrance free formula is hypoallergenic, PASA-free and nongreasy. Sun alert: Limiting sun exposure, wearing protective clothing, and using sunscreens may reduce the risks of skin aging, skin cancer, and other harmful effects of the sun..

Back Panel

SPF 30 Very water resistant. Helps prevent sunburn. Higher SPF gives more sunburn protection. Retains SPF after 80 minutes of [activity in the water] [or] [sweating] [perspiring] [PABA-free] [Hypoallergenic] [Provides] High Protection against [sunburn] [sunburn and tanning] or [For skin highly sensitive to sunburn]

STOP. READ ENTIRE LABEL BEFORE EACH USE. DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Hold 4 to 6 inches from skin while spraying, keeping nozzle pointed away from face Apply evenly before sun exposure and as needed. Reapply every 3 to 4 hours for continued insect repellency. Excessive amounts or more frequent reapplication is unnecessary. Do not apply over cuts, wounds, irritated or sunburned skin. For Sunscreen protection reapply as needed or after towel drying, swimming or [sweating] [perspiring]. Do not apply more than 3 times a day.

Do not apply to children's hands. To apply to face and neck, spray the product into your hands and apply. Take care to avoid mouth and eyes and apply sparingly around ears. Do not allow children to handle the product. Do not apply to children under 6 months of age: ask a doctor.

Cutter Insect Repellent SS

Precautionary Statements

Hazards to Humans and Domestic Animals CAUTION:

Causes moderate eye irritation.

Avoid contact with eyes or clothing.

Wash thoroughly with soap and water after handling.

If you or your child react to this product, discontinue use, wash treated skin and call your local poison control center.

EPA Reg. No. 121-

First Aid:

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a Poison Control Center or doctor for treatment advice.

Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.

STORAGE AND DISPOSAL

Storage: Store the product in a cool, dry place, out of reach of children. Container Disposal: If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Physical or Chemical Hazards

FLAMMABLE. Keep away from heat and open flame.

ACTIVE SUNSCREEN INGREDIENTS: Octocrylene (10%), Octinoxate (7.5%), Oxybenzone (6%), Octisalate (5%)

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
