

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505P)
Ariel Rios Building
1200 Pennsylvania Ave., NW
Washington, D.C. 20460

EPA Reg. Number:
121-98

Date of Issuance:
AUG 17 2007

NOTICE OF PESTICIDE:

Registration
 Reregistration
 (under FIFRA, as amended)

Term of Issuance: conditional

Name of Pesticide Product:
Cutter Insect Repellent EL

Name and Address of Registrant (include ZIP Code):

William Metzger
 Spectrum Division of United Industries
 P.O. Box 142642
 St. Louis, MO 63114-0642

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) and (B) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Submit the data required in the attached efficacy review within one year of the date of this registration notice.

3. Make the following label changes:

Delete "charger included." You have not submitted UL certification for the charger. When you receive UL certification for the charger, you may submit it as part of a label amendment.

Delete the statement "any repellent pads supplied with this product are excluded from this warranty" from the warranty statements and review and revise the warranty statement in accordance with the warranty guidance which is available at the EPA website:

<http://www.epa.gov/pesticides/regulating/labels/warranty.pdf>

Signature of Approving Official:

for

Richard Gebken
 Product Manager 10
 Insecticide Branch
 Registration Division (7505P)

Date:

AUG 17 2007

Delete from the label all directions and marketing claims saying the product may be used for light only. Delete all references to 3 modes of operation. Delete the statement "When pads are not in use, light can be exposed to rain". These statements detract from the precautionary statements required for this pesticide product.

Delete the following statements which detract from the Precautionary Statements:
Brand name features an adjustable soft light to create your ideal patio ambiance.
"...no cause for concern."

Delete the following comparative claim:
No messy wax to drop or spill.

Delete the following statement which implies 100% efficacy:
"...enjoy the outdoors in mosquito- and bug-free comfort for hours.

Revise directions for use in porches as follows:
Do not use in enclosed porches.

Revise the Precautionary Statements as follows:
Harmful if inhaled. Do not breathe vapor.

Insert in the Directions for Use, after the violation of Federal Law statement, a subsection entitled "Use Restrictions." Move the following statements to this subsection:
Only for outdoor use as an insect repellent. Do not use indoors, in tents, in enclosed porches or any other enclosed area. Do not insert anything other than Cutter Insect Repellent EL repellent pads into the repellent chamber. Place light on a flat stable surface. Clean with a damp cloth only when the light is cool and inactive.

Move the instructions about batteries to the Directions for Use.

Add to the light label the EPA Reg. No. and the EPA Est. No. The Signal word Caution and the statement Keep out of Reach of Children must be placed so that they are visible when the light is in use.

In the instructions on pesticide disposal, provide instructions on disposing of used mats.

Revise the statement "Do not contaminate food" to read "Cover or remove exposed food." Place this statement in the Use Restrictions.

Graphics must exclude pictures of children and food.

Clarify what the term "up to" means when used with duration claims.

page 3
EPA Reg. No. 121-98

Move the following statements to the Physical and Chemical Hazards Statements:
Do not touch the area around the repellent chamber while the repellent is in use. The chamber is hot while in use.

Delete protection claims as they imply 100% efficacy.

Label reference to a website makes the website collateral labeling. Collateral labeling that does not match the stamped label must be submitted for review as an amendment.

Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

The confidential statement of formula (CSF) dated 5/31/07 is acceptable. A copy has been placed in the file jacket for this registration and supercedes previously submitted CSFs.

One Year Limited Warranty

{Company Name} warrants to the original consumer purchaser of this product at retail that this product is free from defects in material and workmanship for a period of one (1) year from the original date of purchase. This warranty is void if the product is used commercially or if the product is purchased for resale or retail. Damage to this product resulting from neglect, modification, misuse, tampering, accident or a failure to follow the operating instructions is excluded from this warranty. Any repellent pads supplied with this product are excluded from this warranty.

ANY IMPLIED WARRANTIES, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE DURATION SPECIFIED ABOVE. {COMPANY NAME}'S LIABILITY IS LIMITED SOLELY TO THE REPAIR OR REPLACEMENT OF THE NON-FUNCTIONING PRODUCT OR PART, OR AT {COMPANY NAME}'S SOLE DISCRETION, A REFUND OF THE PURCHASE PRICE OF THE PRODUCT. {COMPANY NAME} EXCLUDES LIABILITY UNDER THIS WARRANTY FOR ANY AND ALL INCIDENTAL AND CONSEQUENTIAL LOSSES OR DAMAGES.

Some states do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages so these limitations or exclusions may not apply to you. This warranty gives you specific legal rights and you may have other rights which vary from state to state. This warranty is valid only in the USA.

If this product does not function in accordance with the operating instructions, **DO NOT RETURN IT TO THE STORE.** Call our **CONSUMER SERVICE DEPARTMENT toll-free at {phone number} for service.** {Company Name} will, at its option, repair or replace any non-functioning parts covered under this warranty without charge or refund the purchase price of the product. {Company Name} reserves the right to determine whether or not a defect exists for which it is responsible under this warranty.

You must retain your sales receipt as proof of the date of your purchase. {Company Name} shall have the option of requiring the return of the product (shipped at your cost), along with proof of purchase, to {Company Name}.

Key Features:

- 1 **Repels Mosquitoes** – Protects up to 4 hours from a 15 x 15 ft area
- 2 **Adjustable [Soft] Light with Dimmer Switch** – LED bulbs last 20,000 hours
- 3 **Indicator Light** – LED flashes when it's time to replace pad
- 4 **Portable** – Recessed handle for easy carrying
- 5 **Multiple Power Sources** – Uses 8 D batteries or {Brand Name} AC Adapter (both sold separately)

Insect Repellent Pad Repels Mosquitoes up to 15 x 15 ft

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

{Brand Name} features an adjustable [soft] light to create your ideal patio ambiance. Light provides dimmable LED glow as the unit repels mosquitoes, black flies, flying insects, bugs and biting flies. Area repellent feature provides up to 4 hours protection per pad. Simply slide repellent switch on and enjoy the outdoors in mosquito- and bug-free comfort for hours. No messy wax to drip or spill. Some visible vapor will appear during use. This is normal and no cause for concern. Mosquitoes are not attracted to light.

Light and area repellent may be powered by {Brand Name} AC Adapter or 8 D batteries (sold separately). To use AC Adapter, simply plug adapter into the hole at the base of the unit. For battery use, open battery compartment by turning the bottom dial. Using 8 D alkaline batteries, the following battery run times exist: Light Only up to 130 hours • Repellent Only up to 47 hours • Light + Repellent up to 26 hours.

For best results, allow 10 to 30 minutes, depending upon area, for product to take effect. This product works well in outdoor areas where there is minimal air movement, such as decks, porches, patios and yards. Use one light per each 225 sq ft (an area 15 x 15 ft). [Use more lights in larger areas.] Do not expose pads to rain. When pads are not in use, light can be exposed to rain. Do not contaminate food. Do not leave light unattended or use as a repellent in windy conditions.

For Area Repellent Use

1. {Illustration} Remove one {Brand Name} repellent pad from wrapper. Use only {Brand name} repellent pads in Patio Light.
2. {Illustration} With repellent switch in OFF position, raise the repellent chamber at the top of the light and insert the pad into the chamber. Push the chamber back into light.
3. {Illustration} Slide the repellent switch to the ON position. Indicator light will become lit.
4. {Illustration} When finished using the repellent, slide the repellent switch to the OFF position. Allow the pad chamber to cool before storing light.
5. {Illustration} The repellent indicator light will flash when **the pad needs to be replaced**. To replace a used pad, slide the repellent switch at the top of the light to the OFF position and allow chamber to cool. Raise the repellent chamber, remove the used pad and insert a new pad into the chamber. Push the chamber back into light.

For Light Use

1. {Illustration} Rotate the dimmer switch to the desired light setting.
2. {Illustration} When light is no longer needed, rotate dimmer switch to OFF position.

For Area Repellent & Light Use

{Illustration} The light and area repellent features are **independent of each other**. Both functions may be used simultaneously or each function may be used independently.

Storage and Disposal

Storage: Store unused pads in original packaging in a cool, dry place inaccessible to children and pets. Store light in a cool, dry place away from sources of heat. **Disposal: If empty:** Do not reuse empty wrappers. Place in trash or offer for recycling if available. **For unused pads:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused pads down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Only for outdoor use as an insect repellent. Do not use indoors, in tents or any enclosed area. Harmful if inhaled. Avoid breathing vapor. Do not touch the area repellent chamber while the repellent is in use. The chamber is hot while in use. Do not insert anything other than {Brand Name} repellent pads into the repellent chamber.

First Aid

If Inhaled:	<ul style="list-style-type: none">• Move person to fresh air.• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.• Call a poison control center or doctor for further treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	

Physical and Chemical Hazards

Place light on a flat, stable surface. Do not cover with any material while in use. Clean with a damp cloth only when the light is cool and inactive.

Environmental Hazards

This pesticide is highly toxic to fish. Do not apply directly to water. Drift from treated areas may be hazardous to organisms in adjacent aquatic sites.

Use only with {Brand Name} repellent pads & {Brand Name} AC Adapter.
Buy refill packs and AC Adapter at select retailers or at {website}

Notice: Buyer assumes all responsibility for safety and use not in accordance with directions.

Questions or Comments? Call {phone number} or visit our website at {website}

When using batteries, {Company Name} recommends the use of alkaline batteries. Always use a complete set of new batteries of the same type when replacing batteries. Never mix alkaline, carbon-zinc or rechargeable batteries. Be sure to insert batteries in their correction position.
