

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SADDLE MAT WIPEN SPRAY INSECTICIDE has been specifically formulated for use on horses. It provides a protective barrier against the irritating and high sheen to the hair when brushed out. It also provides excellent repellent and protective protection. Apply by either the hand or sprayer method.

First, brush mane to remove excess dirt and dust. Moisturize the hair at the point of dropping a soft cloth and rub over the hair. This will help to keep the hair against the hair growth. Give special attention to the legs, chest, neck, and facial areas where flies most often are seen.

Only a light application is required. And using a clean brush on horses. Do not get into eyes.

After application, brush out the spray with a clean brush. Repeat daily or as required.

Saddle Mat Wipe n Spray Insecticide may be used on all parts of the horse's body and over and around saddles for maximum protection. Do not get into horse's eyes. Only a light application is required.

Some horses may demonstrate a sensitivity to petroleum based insecticides. Read the label on all first page of this instruction. Do not blanket horses immediately by other using Wipe n Spray.
