DISTRIBUTED BY:

hess & clark, ashland, ohio 44805

division of rhodia inc.

DIRECTIONS FOR USE

Hold container upright, nozzle to you and press actuator button as directed.

To Treat Animals: To protect cattle from attacks of stable flies, horse flies, house flies, horn flies, mosquitoes: spray about 3 seconds on each animal, being careful to spray back withers area thoroughly. To protect from attacks of house flies: spray the face and head, but do not get into the eyes. Repeat treatment as needed when flies are troublesome.

In Animal Quarters and Milk Rooms: For rapid control of house flies, mosquitoes, wasps and flying moths: close windows and doors and spray at the rate of one ounce per 1000 cubic feet of space. For best results, keep area closed for 10 minutes after spraying. Do not remain in treated area until after treatment is completed.

CAUTION: Do not apply over milk or food products. Any exposure of milk or food handling surfaces should be thoroughly cleaned before use. Do not use in areas where fish or reptiles may be exposed to the spray. **WARNING:** Contains compressed gas under pressure. Do not puncture container. Do not store at over 130° F. Do not use or store near heat or open flame.
