

CAUTION

Harmful if swallowed. Repeated or prolonged contact with skin can cause toxic symptoms. Avoid breathing spray mist. In case of contact with skin, wash with soap and water. Avoid contamination of feed and foodstuffs. Keep out of reach of children. Do not apply to domestic animals or pets. Do not pour, store or apply near fire or open flame. Do not smoke while handling this material.

Use this product only as specified on the label.

This product is toxic to fish and wildlife. Keep out of lakes, streams or ponds. Do not apply when weather conditions favor drift from areas treated. Do not apply to water drainage areas where runoff or flooding will contaminate ponds, lakes or streams.

NOTICE

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

CHLORDANE

OS-20

OIL SOLUBLE CONCENTRATE

CAUTION Keep Out of Reach of Children
SEE SIDE PANEL FOR ADDITIONAL CAUTIONS.

DILUTE BEFORE USING

ACTIVE INGREDIENTS		
Technical chlordane	100%
Petroleum Distillate	20%
		80%

*(Equivalent to 12% octachloro-4,7-methanotetrahydroindane and 8% of related compounds.)

READ CAUTION STATEMENT CAREFULLY BEFORE USE

USDA Reg. No. 148-3

9-68

containing 2% Technical Chlordane, thoroughly mix 1 gallon of Chlordane OS-20 with 10 gallons of kerosene or Deo-Base. Apply the diluted Chlordane OS-20 as a coarse spray or by the use of a paint brush or squirt type oil can, thoroughly wetting surfaces to be treated.

IN HOMES AND COMMERCIAL BUILDINGS: To control roaches, wasps, ants, houseflies, wasps, mosquitoes, boxelder bugs, crickets, spiders, centipedes, and scorpions—thoroughly apply to baseboards, doorsills, window screens, floors of closets, and storage areas, around water pipes, electrical outlets and adjacent areas where these insects congregate or hide. Carpet beetles may also be controlled by spraying or painting localized areas of floors and baseboards, and into cracks and under carpets where these pests may be found. This application should be used as a spot application only.

FOG AND SMOKE GENERATORS: For control of mosquitoes and flies in areas such as ball parks, camping areas, drive-in theatres and motels, dilute 1 gallon of Chlordane OS-20 with 4 gallons of suitable solvent such as kerosene, Deo-Base or fuel oil for use in mechanical foggers and smoke generators. Apply fog or smoke until area has been thoroughly covered.

AIRPLANE APPLICATION: For control of mosquitoes and flies in swamps and waste areas adjacent to population centers, dilute 1 gallon of Chlordane OS-20 with 4 gallons of suitable solvent and apply two quarts of this solution per acre.
