For control of certain cotton insects, including boll weevil, bollworm, cotton leafworm, lygus bugs and other mirids, garden webworm, cotton fleahopper, thrips, cotton leaf perforator, stink bugs, cutworms, fall armyworm, garden webworm and grasshoppers.

WARNING: May be fatal if swallowed. Do not get in eyes, on skin, or on clothing. Wash thoroughly with soap and water after using. Do not breathe spray mist. Avoid contamination of feed and foodstuffs. Keep this product and emptied containers out of reach of children and animals. Do not use or store near heat or open flame.

Do not use on crops other than cotton and avoid spray drift to food crops and to pastures where animals graze. Do not feed trash from treated fields to meat or dairy animals.

This product is toxic to fish and wildlife. Keep out of lakes, ponds and streams. Do not apply to any area not specified on the label.

DIRECTIONS

GENERAL

Mix this material with sufficient water to provide uniform coverage. May be applied by airplane or ground sprayer. In areas where the bollworm is likely to be a serious problem or where resistant weevils are present, this material should be used in combination with DDT, following local recommendations.
