

DIRECTIONS FOR USE

AREA MOSQUITO APPLICATIONS ARE FOR USE ONLY BY MOSQUITO ABATEMENT DISTRICTS, PUBLIC HEALTH OFFICIALS, AND OTHER TRAINED PERSONNEL OF PUBLIC MOSQUITO CONTROL PROGRAMS. MOSQUITO DUST # 1 is recommended for use wherever mosquito adults and larvae are a problem. It provides a long residual control and is as effective against DDT resistant strains as non-resistant varieties.

APPLICATION

For mosquito adult and larvae control, applications should be made to moist areas, standing water, and around the edges of large ponds, lakes, marshes, swamps, and tidal areas. Also dust around and in catch basins and similar areas where mosquitoes breed. For large area mosquito control, applications should be made to wet grassy, bushy, and woody areas. This dust is suitable for use in hand or power-operated dusters as well as with aircraft dust applicators.

RECOMMENDED APPLICATION RATES

Mosquito Adults	10 pounds MOSQUITO DUST # 1 per acre For smaller areas use .25 lbs./1000 sq. ft.
Mosquito Larvae	5 pounds MOSQUITO DUST # 1 per acre

RESTRICTIONS

1. Do not use inside homes, in dairy barns, poultry houses, or buildings where food is processed.
2. Do not use on crops used for food, forage, or pasture.

WARNING

Harmful if swallowed, inhaled, or absorbed through skin. Do not get in eyes, on skin, or on clothing. In case of contact, wash immediately with soap and water. Do not breathe dust. Wash all contaminated clothing with soap and hot water before reuse.

This product is toxic to fish and wildlife. Birds feeding on treated areas may be killed. Keep out of lakes, streams or ponds. Do not apply when weather conditions favor drift from areas treated. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment, or disposal of wastes. Shrimp and crab may be killed at application rates recommended on this label. Do not apply where these are important resources. Apply this product only as specified on this label.

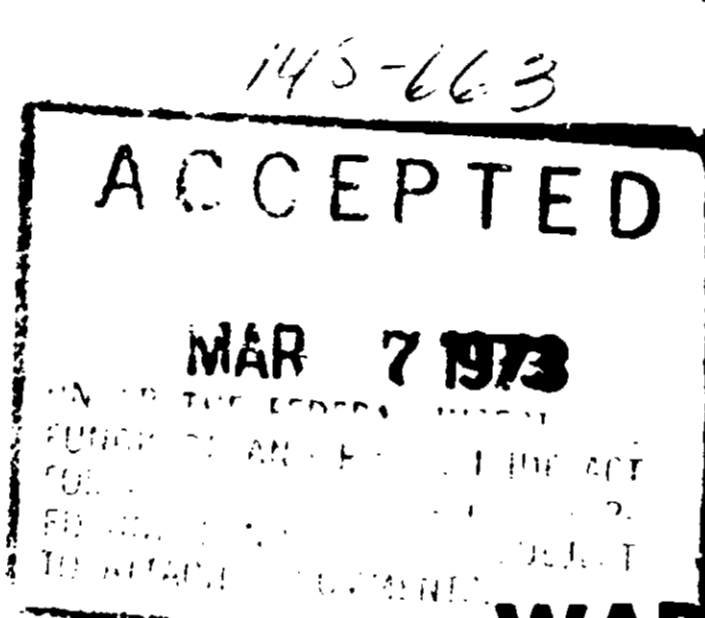

Avoid contamination of feed or food. Keep out of reach of children.

If misuse results in poisoning, obtain prompt medical aid.

Atropine sulfate is antidotal. 2-PAM is also antidotal and may be administered in conjunction with atropine.

Do not reuse this container. Destroy by burying with wastes away from water supplies or burning. Keep out of smoke.

NOTICE: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
