HOUSEHOLD RESISTANT AND NON-RESISTANT COCKROACHES

DURSBAN E-2 is a highly effective cockroach control for household resistant and non-resistant cockroaches. It is applied as a dust or spray to cracks and crevices, under appliances, and in other harborage areas. It kills cockroaches on contact and also acts as a stomach poison when ingested.

Apply Dursban E-2 as a dust or spray to cracks and crevices, under appliances, and in other harborage areas. It kills cockroaches on contact and also acts as a stomach poison when ingested. For best results, apply Dursban E-2 to areas where cockroaches are known to harbor, such as under sinks, behind refrigerators, and in pantries. Repeat applications may be necessary for complete control.

NOTE
