

[148-1078]

DIRECTION FOR USE:

HOUSEHOLD AND INSTITUTION — To control roaches, dilute this concentrate at the rate of 1 part to 9 parts of water and spray into cracks and crevices, holes, behind baseboards, and wherever roaches may hide. Repeat when necessary.

DAIRY ANIMALS — To control house flies and stable flies, dilute 1 part of concentrate to 9 parts of water and spray directly on animals, at the rate of 2 ounces per animal per day of the diluted product for daily protection, or 1 to 2 quarts per animal every 3 days. Avoid wetting the backs of animals.

GRAIN STORAGE — To control exposed stages of granary weevils, rice weevils, confused flour beetles, cadellies, grain moths and sawtooth grain beetles in mills, elevators, granaries, warehouses and box cars — As a surface spray for killing exposed insects that hide in walls, floors or ceiling, dilute this concentrate with 9 parts of water and apply at the rate of one gallon per 500 feet of surface.

FOOD PROCESSING — In bottling plants, breweries, food processing plants, canneries, bakeries, in markets, stores, institutional kitchens, and wherever foods are processed or prepared, Pyrenone assures safe, effective control of flying insects such as, chocolate moths, grain moths, house flies, fruit flies, gnats, mosquitoes and wasps. It also gives good control of exposed crawling pests such as, silverfish, crickets, spiders, and roaches, exposed stages of cadellies, grain moths, ants, flour beetles, and certain other common pantry pests. Diluted at the rate of 1 gallon to 10 gallons of Deodorized Base Oil, apply as a mist or aerosol in Tunnel, Challenger, Microsol, or similar units at the rate of 1 liquid ounce per 1,000 cubic feet of space. Use only when food processing plant is not in operation.

**PLANTERS
PYRENONE**

Emulsifiable Concentrate

ACTIVE INGREDIENTS	100%
*Piperonyl Butoxide Technical	11.84%
Pyrethrins	1.18%
Polyoxyethylene Sorbitol	
Mixed Ether Ester	14.81%
Petroleum Oil	72.17%

Equivalent to 9.47% of (butylcarbityl-10-propylpiperonyl) ether and 2.37% of related compounds

DANGER KEEP OUT OF REACH OF CHILDREN

See Side Panel For Additional Caution

USDA REG. NO. 1868-217

A SPECIALLY PREPARED WATER MISCIBLE CONCENTRATE FOR USE IN CONTROLLING INSECTS IN FOOD WAREHOUSES, FOOD PROCESSING PLANTS AND WHEREVER FOODS ARE PROCESSED OR PREPARED

CAUTION

Do not spray near or into open flame. Do not use directly on foodstuff. Harmful if swallowed. Keep away from children. Remove fish aquaria from areas to be treated.
