VAPORIZOR CONCENTRATE 2.4-0.3

EPA Reg. No. 148-1136

An Effective Semi-Concentrated Pyrenone[®] Insecticide.
For Application in Specialized Mechanical, Thermol or Compressed Air Fogging Equipment such as Tife Fog, Challenger, Microsol, Tornado, Halaby Klip-On or Bes-Kill Aeroxol Generator.
For Use in Bakeries, Food Plants, Restaurants, Hotels, Motels, Hospitals, Schools, Office Buildings and Food Processing or Handling Plants.

ACTIVE INGREDIENTS	100%
Pyrethrins	0.3%
*Piperonyl Butoxide, Technical	2.4%
Petroleum Distillate	97.3%
*Equivalent to 1.92% of (butylcarbityl) (6-propylpiperonyl) ether and 0.48% of related compounds.	

PYRENONE – Registered Trademark of FMC Corporation

CAUTION Keep Out of Reach of Children
SEE OTHER PANEL FOR ADDITIONAL CAUTIONS.

DIRECTIONS

This ready-to-use concentrate may be dispersed through good mechanical, thermol, or compressed air fogging or spraying equipment. If used in edible product areas of federally inspected meat, poultry, shell egg grading and egg product establishments, it must be dispersed as an aerosol spray (no droplets over 50 microns in diameter and 80% less than 30 μ microns).

The use of this product in food processing plants should be confined to time periods when the plant is not in operation. Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using.

SPACE TREATMENT: Close doors and windows, and shut off ventilation systems. Apply as a fog or fine mist, distributing the spray throughout the area. Use at a rate of 1 ounce per 1000 cubic feet of space. Direct spray behind and under obstructions and contact crawling insects whenever possible. Keep area closed for 30 to 45 minutes. Ventilate treated area and ventilate before reoccupying. Repeat treatment if necessary.

The above described application will kill a wide range of pest insects including fruit flies, mosquitoes, silverfish, flying moths, gnats, ticks, fleas, lice, spiders, scorpions, wasps, beetles, roaches, mites, etc. It is also effective against ticks and fleas.

Common stored product pests: *granary weevils, rice weevils, confused flour beetle, saw-toothed grain beetles, spider beetles, cigarette beetles, Drugstore beetle, Angoumois grain moths, Mediterranean flour moths, Indian meal moths, T. granarium moths, meal worms, and grain mites.*

SURFACE APPLICATION: To insure maximum control of crawling insects, treat walls as a coarse mist directed toward surfaces, into cracks, crevices, and other areas around containers of stored products and other areas wherever the insects may hide or crawl. Repeat as necessary.

CAUTION: Harmful if swallowed. Avoid contamination of feed or foodstuffs. This product is toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Application rate may as specified on this label.

Remove pets, birds, and other livestock from quarters before spraying. Do not reuse empty container. Destroy by perforating or crushing and dispose in a safe place or return to dealer for credit.

NOTICE: This product is a restricted use pesticide. It is not to be used in residential areas, schools, day care centers, hospitals, nursing homes, or other public buildings. It is not to be used in areas where it may be inhaled or ingested.
