 Under the Federal Insecticide, Fungicide, and Plant Quarantine Act as amended and registered under EPA Reg. No.

**PRECAUTIONARY STATEMENTS
 HAZARDS TO HUMANS
 AND DOMESTIC ANIMALS**

CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing.
FIRST AID: If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or, if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.
ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Keep out of lakes, streams, or ponds. Permits may be required for discharges containing this pesticide into lakes, streams, ponds or public water. For guidance, contact the regional office of the Environmental Protection Agency.

STORAGE AND DISPOSAL

Keep container closed when not in use. Do not contaminate water, food, or feed by storage, disposal, or cleaning of equipment.
PLASTIC CONTAINERS: Do not reuse empty container. Triple rinse (or equivalent) and dispose of container in an incinerator or in an approved landfill, or bury in a safe place.
METAL CONTAINERS: This container must be triple rinsed (or equivalent) and offered for recycling, reconditioning, or disposal in an approved landfill or buried in a safe place.
 Rinsate that cannot be used or reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies. Open dumping is prohibited.

**DIRECTIONS FOR USE
 GENERAL CLASSIFICATION**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FREESTYLE HP-60 is used to control the growth of algae in swimming pools. For maximum effectiveness, pools containing heavy growth of algae should be cleaned prior to using **FREESTYLE HP-60**.

For pools having just visible algae growth add an initial dose of 11 to 17 fluid ounces of **FREESTYLE HP-60** per 10,000 gallons of water and remove settled algae debris by cleaning.

For treatment of a freshly cleaned and filled pool, add initially 6 to 11 fluid ounces of **FREESTYLE HP-60** per 10,000 gallons of water.

To maintain pools free of visible algae growth, subsequent additions of 2 to 4 fluid ounces of **FREESTYLE HP-60** per 10,000 gallons of water should be made every 5 to 7 days after the initial treatment.

FREESTYLE HP-60 is compatible with those chemicals normally used to treat pools and effective at both acid and alkaline pH. **FREESTYLE HP-60** can be used in pools treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix **FREESTYLE HP-60** with concentrated dry or liquid chlorine products.

ACTIVE INGREDIENT
 Polyoxyethylene (d methylimid) ethylene dimethylimid ethylene dichloride
INERT INGREDIENTS
 This product contains 5.76 lb. of active ingredient per gallon and weighs 9.6 lb. per gallon.
