MAR 20 2009

Subject: Label Notification(s) for Pesticide Registration Notice 2007-4 and 98-10

Dear Registrant:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice (PRN) 2007-4 and 98-10 dated February 24, 2009 for:

**EPA Registration 149-8 Terro®Ant Killer II**

The Registration Division (RD) has conducted a review of this request for applicability under PRN 2007-4 and 98-10 and finds that the label change(s) requested falls within the scope of PRN-2007-4 and 98-10. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact me directly at 703-305-6249 or Banza Djapao of my staff at 703-305-7269.

Sincerely,

A handwritten signature in black ink, appearing to read "Linda Arrington".

## DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**FOR USE IN AND AROUND:** Homes, Hospitals, Restaurants, Apartments, Grocery Stores, Institutional Buildings, Schools, Cafeterias, Warehouses, Storage Areas, Food Processing Plants, Mobile Homes, Boats, Military Bases, Theaters, Nursing Homes, and on Military, Commercial, and Cruise Ships.

**ATTRACTS AND KILLS ALL COMMON HOUSEHOLD ANTS INCLUDING:** Argentine ants, Ghost ants, Cornfield ants, Pavement ants, Acrobat ants, White footed ants, Little black ants, Odorous house ants, Crazy ants, Big headed ants, and other sweet eating ants.

**USING TERRO® ANT KILLER II:** Tear pieces of cardboard from the carton along the perforated lines. (Small pieces of paper, cardboard, or foil also may be used). Apply the product to the cardboard and place product where ants are seen, such as the edges of sinks, tubs, window sills, under food cabinets, along floors and baseboards and in corners. Do not skimp on bait placements; the more bait placements the better. Since invading ants usually have outdoor nesting sites, it often helps to put the product outside, close to where ants are found entering the structure. Ants typically follow defined trails from the nest to food or water. Placing TERRO® Ant Killer II close to these trails will improve control.

**CONTROLLING AND ELIMINATING ANTS:** First ants will come in large numbers, but soon disappear. This product is specifically formulated to allow worker ants to consume the product and survive long enough to carry the liquid back to the nest and deliver a dose to the rest of the colony. The key to obtaining effective control is to monitor the placements and ensure there is always a fresh supply of TERRO® Ant Killer II on each placement. Complete control may take up to two weeks.

**USING TERRO® BAIT BULLETS:** This package contains TERRO® Ant Killer II and TERRO® Bait Bullets. Fill the TERRO® Bait Bullets half full with TERRO® Ant Killer II and place them, out of reach of children and pets, on a flat surface close to areas where ants are seen foraging or nesting. As the ants begin to feed on the bait you will notice many ants inside and around the opening to the Bait Bullet. If the ants consume the entire bait, simply refill the Bait Bullet.

**USING TERRO® BAIT BULLETS AS A PERIMETER ANT DEFENSE SYSTEM:** Take a few minutes to locate areas close to your home where ants are seen trailing. Place the Bait Bullets against the foundation where you have located ant movement. Space the Bait Bullets every 5 to 10 feet for maximum coverage. Check the Bait Bullets regularly for activity. Remember ants will feed on TERRO® Ant Killer II and carry the bait back to the rest of the colony. Heavy infestations may require several bait placement refills and up to two weeks to control.

USING TERRO® ANT KILLER II PRE-FILLED BAIT SYSTEM: Terro® Ant Killer II now comes as an easy to use pre-filled liquid ant bait [for outdoor use]. Ants will enter, feed and return to the nest where they will pass on the Terro® Ant Killer II to the rest of the colony.

- Pre-filled
  - Ready to Use
  - No drips, spills, or mess
1. Break pre-filled TERRO® Ant Killer II baits apart from plastic frame.
  2. Hold baits upright and [cut along dotted line at the top] or [cut off orange colored section] or [~~Hold the pre-filled bait station level and peel back clear (or other appropriate descriptive term) seal to expose entry point to bait.~~]
  3. Place baits label side up near ant trails or close to where ants are numerous. Place additional TERRO® Ant Killer II baits anywhere ants may enter your home. For best results, use [all] [*number*] baits to ensure sufficient supply for the ants.
  4. Monitor regularly for activity but do not interfere with the ants or baits. Replace with additional baits when first set is depleted.
  5. Once ants are controlled, replace TERRO® Ant Killer II baits every 3 months to keep ants from returning.

TERRO® OUTDOOR LIQUID ANT BAIT:

1. REMOVE STAKES by pulling them straight out from underneath cup. DO NOT REMOVE CUP.
2. PUSH DOWN on the top of the cup, then twist cup 1/4 turn. The foil seal under the cup will be punctured and the liquid bait will drip into the reservoir in the base. KEEPS BAIT LEVEL TO AVOID SPILLING.
3. PLACE BAIT STATIONS outdoors close to where ants are found entering your home, or where you see ant nests or their trails.
4. SECURE BAIT STATIONS to the ground, if desired, by inserting the 2stakes provided through the holes in the base.
5. ANTS WILL ENTER the bait station through the holes at the top of the ramps.
6. MONITOR regularly for activity, but do not interfere with the ants or baits. Replace baits every three months to keep ants from returning. Complete control may take up to two weeks.
7. CALL US at 1-800-837-7644 if we can be of assistance.

DO NOT USE in edible product areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. Avoid contamination of feed and foodstuffs. Place bait in areas inaccessible to children and pets.

For further information on successful ant control using the TERRO® brand of ant control products, visit our web site ([www.Terro.com](http://www.Terro.com)).

### PEST CONTROL OPERATORS

TERRO® Ant Killer II can be diluted with water to obtain a 1% or 2% solution of Borax. Such a dilution is helpful when you plan on using a substantial volume of Terro® Ant Killer II in a baiting program designed to control very large multi-queen and multi-colony ant infestations.

1% Dilution: 1 part TERRO® Ant Killer II to 5 parts water. Mix thoroughly.

2% Dilution: 1 part TERRO® Ant Killer II to 2 parts water. Mix thoroughly.

### COMMON DILUTIONS

#### 1% Dilution

TERRO	+	WATER	=	FINISHED PRODUCT
5 fl. oz.	+	25 fl. oz.	=	1 Quart (approximately)
20 fl. oz.	+	100 fl. oz.	=	1 Gallon (approx.)
1 gallon	+	5 gallons	=	6 Gallons

#### 2% Dilution

TERRO	+	WATER	=	FINISHED PRODUCT
10 fl. oz.	+	20 fl. oz.	=	1 Quart (approximately)
42 fl. oz.	+	84 fl. oz.	=	1 Gallon (approx.)
1 gallon	+	2 gallons	=	3 Gallons

USING TERRO® ANT KILLER II IN BAIT STATIONS: Apply the 1% or 2% Terro® Ant Killer II solution using bait stations designed to hold liquid bait. This product will work well in most bait stations such as those made by B&G, Kness, and Whitmire Micro-Gen. Follow directions included with the bait stations to obtain best results.

### STORAGE AND DISPOSAL

~~Do not contaminate water, food, or feed by storage and disposal.~~

**STORAGE:** Store in a cool dry place. Do not store where children or animals may gain access.

~~PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonrefillable Container. Do not reuse or refill this container.~~ **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
