Subject: Labeling Notification per Pesticide Registration Notice (PRN) 98-10 – Adding Alternate Brand Name (Terro No Mess Mosquito Larvacide Pouches)
Product Name: Terro Larvacide
EPA Registration Number: 149-23
Application Date: 14 June 2018
OPP Decision Number: 541923

Dear Mr. Mongiovi:

The U.S. Environmental Protection Agency (EPA) is in receipt of your application for notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Biopesticides and Pollution Prevention Division (BPPD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The labeling submitted with this application has been stamped “Notification” and will be placed in our records. The alternate brand name Terro No Mess Mosquito Larvacide Pouches has been added to the product’s records. You must submit one (1) copy of the final printed labeling with the modifications.

Should you wish to add/retain a reference to your company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and is subject to review by the EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains statements or claims substantially differing from statements or claims made in connection with obtaining a FIFRA section 3 registration, the website will be referred to the EPA’s Office of Enforcement and Compliance Assurance.

FIRST AID	
If in eyes:	<ul style="list-style-type: none">- Hold eye open and rinse slowly and gently with water for 15-20 minutes.- Remove contact lenses, if present, after the first five minutes, then continue rinsing eye.- Call a poison control center or doctor for treatment advice.
If on skin or clothing:	<ul style="list-style-type: none">- Take off contaminated clothing.- Rinse skin immediately with plenty of water for 15-20 minutes.- Call a poison control center or doctor for treatment advice.
HOTLINE NUMBER	
Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment. For general information on this product, contact the National Pesticide Information Center (NPIC) at 1-800-858-7378, Monday through Friday, 8 a.m. to 12 p.m. PST, or at http://npic.orst.edu . For medical emergencies, call the poison control center at 1-800-222-1222.	

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Harmful if absorbed through the skin. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not apply directly to treated, finished drinking water reservoirs.

[HOW IT WORKS] [GENERAL INFORMATION]

TERRO® LARVACIDE [This product] is a selective microbial insecticide for use against mosquito larvae in a variety of habitats. The product can be applied to areas with plants, fish and other aquatic life and to areas used by or in contact with humans, pets, horses, livestock, birds, or wildlife. Once applied, the product [dissolves quickly to] release(s) a biological larvacide that is consumed by mosquito larvae, killing the larvae before they turn into biting adults [that may transmit viruses such as West Nile virus to people or heartworm disease to dogs and cats].

[HOW TO USE] [USING TERRO® LARVACIDE]: Place product on water surface in listed sites where mosquitoes may breed. Treat on basis of surface area by placing one (1) [water soluble] pouch for up to 50 sq. ft. of treatment area. There is no need to open [the water soluble][individual][pouches] as they will quickly dissolve [releasing contents].

For control of mosquito larvae in the following sites:

Treatment Areas: Ponds, bird baths, water gardens, flower pots and planters, rain barrels, fountains, gutters, unused pools, pool covers, hollow trees and tree holes, livestock watering troughs/tanks, ditches, discarded tires, and any location where water accumulates and remains standing for periods of time.

Reapply TERRO® LARVACIDE as needed (after 1-4 weeks under typical environmental conditions).

Drainage/Drainage Systems: Catch basins and storm drains.

Reapply TERRO® LARVACIDE as needed (after 6-8 weeks under typical environmental conditions).

Longer periods of mosquito population suppression may result where sufficient numbers of nontarget aquatic invertebrate parasites and predators are present since these are not affected by the product and contribute to mosquito population reduction.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry place. Do not store where children or animals may gain access.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Non-refillable Container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Warranty and Disclaimer

To the extent consistent with applicable law, seller makes no warranty, express or implied, of merchantability, fitness or otherwise concerning the use of this product other than as indicated on this label. To the extent consistent with applicable law, user assumes all risk of use, storage or handling not in accordance with the accompanying directions.

{MASTER LABEL – OPTIONAL CLAIMS PAGE 1 OF 1}

{Optional Claims}

- Kills mosquito larvae
- Made with BioFuse Technology
- Water Soluble Pouches [WSP]
- Larvacide treatment [for mosquitoes]
- Mosquito larvacide
- No dust [water soluble] [pouch]
- No breaking
- [Convenient] pouch dissolves [in seconds][quickly]
- [Convenient] dissolving pouch
- Resealable bag
- Includes xx [water soluble] pouches
- Each [water soluble pouch][pouch] lasts up to 60 days [two (2) months]*
- Each [TERRO® LARVACIDE][water soluble][pouch][conveniently] treats up to 50 sq. ft. of water [and lasts up to 60 days*]
- Treats up to xx sq. ft. of water (50 sq. ft. x qty)
- Can be applied to areas [used by] [or] [in contact with] people and pets
- [For] use in [ponds], [bird baths], [water gardens], [gutters], [rain barrels], & other standing water as labeled.
- [This] Package Lasts Up to XX Months [2 months X qty]*
- Can be used in [fish habitats][fish ponds][water gardens]

*For Drainage/Drainage Systems
