

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

149-24

Date of Issuance:

7/5/18

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

Terro RBS

Name and Address of Registrant (include ZIP Code):

Mark Mongiovi
Senoret Chemical Company, Inc.
69 N. Locust Street
Lititz, PA 17543

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Sincerely, 
Gene Benbow, Product Manager 7
Invertebrate & Vertebrate Branch 3
Registration Division (7505P)
Office of Pesticide Programs

Date:

7/5/18

EPA Form 8570-6

2. You are required to comply with the data requirements described in the DCI identified below:

a. Abamectin GDCI-122804-1388

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI listed above, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division: <http://iaspub.epa.gov/apex/pesticides/f?p=chemicalsearch:1>

3. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 149-24.”
4. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 03/22/18

If you have any questions, please contact Gene Benbow by phone at 703-347-0235, or via email at Benbow.Gene@epa.gov.

[MASTER LABEL – FRONT PANEL]

[__ Bait Stations __ oz. (__g) / __ oz. (__g) each]

[MASTER LABEL – BACK PANEL PAGE 1 OF 2]

FIRST AID	
If In Eyes:	<ul style="list-style-type: none">- Hold eye open and rinse slowly and gently with water for 15-20 minutes.- Remove contact lenses, if present, after the first five minutes, then continue rinsing eye.- Call a poison control center or doctor for treatment advice.
Have the product or label with you when calling a Poison Control Center or doctor or going for treatment. In case of emergency, for additional information call 800 858 7378.	

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash hands thoroughly with soap and water after use and before eating, drinking, chewing gum, using tobacco, or using the toilet.

ENVIRONMENTAL HAZARDS

To protect the environment, do not allow bait to enter or run off into storm drains, drainage ditches, gutters or surface waters.

[HOW IT WORKS]

[TERRO® RBS is [a] [an] [ready] [easy]-to-use, [pre-filled], bait station. [Roaches] [,Ants*] [and] [silverfish] will enter the [ready] [easy-to-use] [pre-filled] station to feed on the bait. Included [removable] adhesive [strips] [tape] allow(s) for [discreet], multi-surface application. Bait stations may be applied to indoor vertical surfaces, [[including cabinet sides and interiors, cabinet toe kicks, baseboards, walls] cabinet overhangs or placed directly on floors or counters.]]

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

DO NOT USE in edible product areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. Avoid contamination of feed and foodstuffs. Do not use adhesive application [strips] [tape] on delicate surfaces such as unpainted walls, wallpaper or wood furniture finishes. Do not place stations on hot [vertical] surfaces that could soften bait and allow it to run out of station. Do not use insect killing sprays on or near bait stations or place stations where insect killing sprays have been sprayed as they may repel pests from feeding. Do not place bait stations in areas accessible to children and pets.

FOR USE IN AND AROUND: Homes, Hospitals, Restaurants, Apartments, Grocery Stores, Institutional Buildings, Schools, Cafeterias, Warehouses, Storage Areas, Food Processing Plants, Mobile Homes, Boats, Military Bases, Theaters, Nursing Homes, and on Military, Commercial, and Cruise Ships.

ATTRACTS AND KILLS: [Listed common household pests] [Listed pests] [Listed insects] [including]: **[Roaches] [Ants:** Acrobat, Allegheny, Argentine, Big headed, Cornfield, Crazy, Ghost, Little black, Odorous house, Pavement, Pharaoh, Pyramid, Thief, White footed, and other sweet eating ants* (except fire ants, carpenter ants, and harvester ants);] **[Others:** [Ants,] Silverfish.]

USING TERRO® RBS: Remove other sources of food, like crumbs, sugar, and grease spots. Common areas to place bait stations include along baseboards, in corners of rooms, under or inside cabinets, on countertops, under and behind appliances, under sinks, around pipes and water sources, in pantry, on window sills and around doorways, near garbage cans, and along pest trails.

Product Application:

1. For [adhesive] [discreet] [placement] [applications], apply included [removable] adhesive [strip] [tape] to [back] [bottom] of station [between adhesive [strip] [tape] placement guides] [with (labeled) (printed) (removable) (removable labeled) (wall) side of adhesive facing out]. Press and hold [adhesive] [strip] [tape] firmly to station for 10 seconds [to ensure proper adhesion]. [For non-adhesive application, skip to step 3.]

[Note: Only (side) (printed) (labeled) (side of adhesive) (as removable) (side of adhesive) (strip) (tape) is removable.]

2. Remove [remaining] [labeled] [printed] [removable side] [wall side] [adhesive] strip [liner] [paper backing].
3. Apply/place bait stations close to where [roaches] [ants] [listed pests] are [traveling] [present]. For adhesive [applications] [placements], [carefully] press and hold station firmly against surface for 10 seconds [to ensure proper adhesion]. [Roaches] [Ants] [Listed pests] will enter the bait station through the side [openings] [entrances].

[MASTER LABEL – BACK PANEL PAGE 2 OF 2]

4. Place additional bait stations anywhere [roaches] [ants] [listed pests] [may enter] [are present in] your home. Heavily infested areas may require additional bait stations. [For best results, use (all) (*number*) bait stations to ensure sufficient supply for the [roaches] [ants] [listed pests].]
5. Monitor [placements] [bait stations] regularly for activity but do not interfere with the [roaches] [ants] [listed pests] or bait stations. Replace bait stations [with new baits] when bait is depleted [until [roaches] [ants] [listed pests] are controlled].

The key to successful baiting is to ensure there is always a sufficient supply of TERRO® RBS when [roaches] [ants] listed pests] are present.

Product Removal (for adhesive applications):

1. Grasp bait station and [twist] [turn] [gently] [slowly] to remove [station] from adhesive [strip] [tape].
2. [Pull [free] [loose] adhesive strip [to stretch strip] until strip is freed from [application] surface.]

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Store in a cool dry place. Do not store where children or animals may gain access.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Non-refillable Container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
