

GENERAL INFORMATION

MORGRO 2-IN-1
15-7-3 PLUS IRON

GUARANTEED ANALYSIS

Total Nitrogen (N).....	3.00%
10.6 Ammoniacal Nitrogen from Ammonium Phosphate	
4.4 Nitric Nitrogen from Ammonium Nitrate	
Available Phosphoric Acid (P ₂ O ₅).....	7.00%
Derived from Potassium Phosphate	
Potash.....	3.00%
Derived from Sulfate of Potash	
Iron (from Iron Sulfate).....	0.10%
Sulfur (from Iron Sulfate and Ammonium Sulfate).....	3.10%

For Beautiful Weedless Lawns

- 1** WET LAWN BEFORE APPLICATION. APPLY 2 INCHES OF GRANULES PER 1000 SQUARE FEET. 4 LBS. PER 1000 SQUARE FEET.
 - 2** LET GRANULES STAY ON LAWN 4-8 HOURS, THEN WATER NORMALLY.
- MORGRO 2-IN-1 beautifies lawn grasses. Contains 2, 4-D and Silvex weed killers, and complete balanced fertilizer.
1. Destroys broad-leaved weeds such as dandelions, plantains, chick weeds and most non-grass weeds.
 2. Feeds the grass and assists in producing a thicker turf and deeper color.

MATURE LAWNS: Wet lawn before application. Apply with fertilizer spreader evenly without any misses. Measure lawn to insure even coverage. Broadcast MORGRO 2-IN-1 close to the surface of the lawn. When using any fertilizer spreader check to be sure it is set for proper distribution. Close spreader when stopping, backing or turning to avoid double dosage. Let granules remain on lawn 4-8 hours--then apply normal watering.

watering.
NEW LAWNS-APPLY WHEN LAWNS ARE 4 OR 5 MONTHS OLD: Burning may result if applied to tender seedling grass. Apply MORGRO 2-IN-1 a week or ten days before sowing a new lawn and then again after the grass is mature, if broadleaf weed appear.

SPOT TREATMENT OF WEEDS: Apply a half teaspoon of MORGRO 2-IN-1 in crown of each weed. A good time to spot treat weeds is after mowing lawn. Use spot treatment especially after weeds are under control. Weeds should be wet for best results.

IMPORTANT: Apply when weeds are young and actively growing. Sprinkle lightly with water before application. Prevent drift onto plants which might be injured by 2,4-D. DO NOT wash material from the weed leaves for 4-8 hours after application.

SPREADER SETTINGS

Model	Cyclone	Jackson 2-1/2" W/Inert	Lawn Buggy 18-24" W/Inert	Morgro	Cully Whitebird Tomcat Type	Scott's 2-1/2" Rotary	Scots 2-1/2" Rotary	Tri-Temper Cyclone
Setting	3	7 8	7	7	4	4 P.	7	4

CHECK YOUR SPREADER: Is it feeding uniformly at all points? Make sure it opens and closes properly. Wash out after using. Hang in a dry place. Record city, open setting for use the next time.

CAUTION

Keep out of the reach of children. Induce vomiting if swallowed. If material contacts the eyes, get medical attention immediately. Avoid contact with skin, eyes or clothing. Wash thoroughly after handling.

Excessive application will injure turf. When repeat treatments are necessary, allow one month between applications.

Wash thoroughly after handling.

This material is injurious to many plants, flowers and shrubs. It should be applied while the air is quiet to avoid drift. Vapors from this product may cause injury to susceptible plants growing in the immediate vicinity.

DO NOT USE on St. Augustine grass, Carpet grass, Dichondra, or Clover lawn. Treatment at temperature above 85°F may result in some discoloration of Bent Grass.

Clean fertilizer spreader several times with chemical cleaners and rinse thoroughly before using spreader for other purposes. Do not store near fertilizer, seed, insecticides, or fungicides.

Avoid contamination of irrigational ditches or water used for domestic purposes.

NO-WARRANTY: Manufacturer or Seller is not liable for any injury or damage caused by this product due to misuse, mishandling or any application not specifically recommended on this label.
