U.S.D.A. Reg. No. 168-

(F) BAYGON - is used under license from Chemagro Corporation

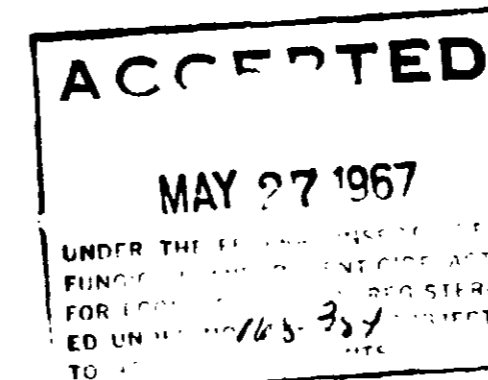

Net Contents: Pts., Qts., Gals.

(SIDE PANEL)

MORGRO HOUSE & PATIO SPRAY is a highly effective new formulation which gives a rapid kill of the insects listed, including certain crawling insects resistant to other types of insecticides.

Ants, Brown dog Ticks, Clover Mites, Crickets, Earwigs, Flies,
Fleas, Millipedes, Roaches, Scorpions, Silver Fish, Sow Bugs,
Spiders, Mosquitoes.

HOW TO USE - Morgro house spray is ready to use undiluted as it comes from the sprayer head. Adjust the sprayer nozzle for a coarse or fine spray. Spray the infested surfaces until wet, moving the spray stream rapidly to avoid wasting material or over-wetting. DIRECT SPRAY AWAY from children, pets, plants, and restricted* surfaces.

INSIDE THE HOUSE - to control Ants, Cockroaches, Crickets, Scorpions, Silverfish, Spiders, Millipedes, Earwigs, Flies, Mosquitoes, Water bugs, and Sowbugs, direct the spray into cracks, crevices, around the baseboards and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves, and in and around waste containers. Repeat if pests reappear, as needed.

FOR SPRAYING ANIMAL SLEEPING QUARTERS - remove the pets and keep them away until the spray has thoroughly dried. Spray around the baseboards, window and door frames, wall cracks, and local areas of floors. Repeat as needed. Fresh bedding should be placed in the animal quarters after spraying. **DO NOT SPRAY ANIMALS.**

OUTDOOR AREAS - Ants, Earwigs, Flies, Scorpions, Millipedes, Clover mite and Sow bugs: Spray infested areas thoroughly, including the surfaces of screens, doors, window frames, foundations, patio areas, or other places where insects may be found. For ants, spray the hills and runways. Repeat as necessary - **DO NOT SPRAY ANY VEGETATION.**

***RESTRICTIONS** - Do not apply to rugs, carpets, draperies, wallpaper, or similar materials that may be stained. Avoid excessive wetting of plastic, rubber and asphalt surfaces, such as, tiles and floor coverings.

CAUTION: Avoid spraying in presence of any fires or while smoking. May be combustible. May be harmful if amounts are swallowed, inhaled, or absorbed through the skin. Avoid breathing of spray mist and provide adequate ventilation of area being treated. Contact with skin, eyes, or clothing should also be avoided. Wash thoroughly with soap and warm water after handling. Avoid contamination of food, utensils, and food preparation areas. Remove pets and cover fish bowls before spraying. If use results in accidental illness, get prompt medical aid.

Keep children and pets off treated areas until area is thoroughly dry.

TO PHYSICIAN - Atropine sulfate is antidotal.

NON-WARRANTY - Manufacturer or seller is not liable for any injury or damage caused by this product due to misuse, mishandling, or any application not specifically recommended on this label.
