

**UNIVERSAL DIRECTIONS FOR CLEANING MILK SHAKE AND SOFT SERVE MACHINES**

**IN PLACE CLEANING**

1. Remove hopper cover, gasket and mix feed. Draw off all product.
2. Pour 2 gallons cold tap water into mix hopper, turn switch to wash, run 1 minute, and drain.
3. Dissolve 3 measuring scoops (2 ozs.) STERA SHEEN Green Label in 2 gallons of warm water.
4. Pour the solution into hopper and as it runs through feed tube in freezer chamber, brush tube with short brush. Wash mix tank, turn switch to wash and run 5 minutes and drain.
5. After in Place Cleaning follow with Manual Cleaning.

**NOTE:** 1 ounce is 1/2 plastic scoops.

**MANUAL OR HAND CLEANING**

- Follow the same procedure as with in Place Cleaning.
1. Remove Freezer door assembly and draw off plunger.
  2. Take off door gasket and bearing sleeve. Remove beater blades and beater driveshaft.
  3. Dissamble mix feed assembly and air pressure assembly (if any).
  4. Wash all parts thoroughly in sanitizing solution.
  5. After rinsing in hot water, place all parts in clean dry place and cover with clean dry cloth until ready for reuse.
  6. When freezer is reassembled and ready for reuse, this sanitizing solution is ready for use. This sanitizing solution is made with 1 gallon of warm water containing 1 1/2 scoops of STERA SHEEN Green Label and then...

STERA SHEEN GREEN LABEL may also be used for cleaning milk cans and utensils. For removal of hardened milkstone, calcium or rust, apply STERA SHEEN GREEN LABEL directly to surface just like a scouring powder. Never use steel wool or metal chore boy with STERA SHEEN GREEN LABEL. Always use a flat sponge.

**WARNING**

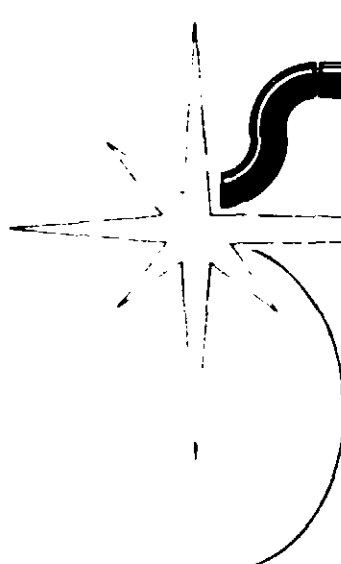

**HARMFUL IF TAKEN INTERNALLY**

**FIRST AID**—if taken internally, drink Milk of Magnesia, Pepto-Bismol or regular milk and induce vomiting. Call physician.

**CONTACT PRECAUTIONS**

In case of skin contact flush freely with warm water. If in eyes, flush thoroughly with plenty of water. Get medical attention.

### DIRECTIONS - FOR GLASSES AND DISHES

1. Scrape and pre wash glasses, dishes and utensils
2. Wash with STERA-SHEEN GREEN LABEL
3. Rinse with clean water
4. Sanitize in a solution of 3 scoops of STERA-SHEEN GREEN LABEL to 2 gals. of water (100 p.p.m. available chlorine)
- NOTE: Health Departments require a 2 minute exposure to all glasses, dishes and dairy utensils to be sanitized.
5. Place sanitized glasses, dishes and utensils on rack to air dry.

STERA-SHEEN GREEN LABEL required use dilution  
 1 oz. (1/2 plastic scoop) to 1 gal. water =  
 100 p.p.m. available Chlorine  
*Plastic Scoop Provided Inside*

pH between  
 9 and 10

Just add 1/2 STERA-SHEEN GREEN LABEL to 1 gallon  
 water. Water gives 100 p.p.m. available chlorine and will  
 effectively act as a sanitizer against Escherichia Coli and  
 Staphylococcus Aureus with 1/2 level scoop (100 p.p.m.)  
 in 2000 gal. of water.

**AVAILABLE CHLORINE**  
 1.34%

### FOLLOW HEALTH DEPARTMENT REQUIREMENTS

Be sure to follow Health Department requirements, obey dilution  
 table instructions and dissolve thoroughly all crystals before using  
 sanitizing solution. When hand washing utensils, parts, etc. should  
 you add suds, you can add STERA-SHEEN BROWN LABEL
