(REVERSE SIDE)

BO - RID
SEMI-SOIL STERILANT

DIRECTIONS

Use a mechanical spreader or other device which will spread the required amount of BO-RID SEMI-SOIL STERILANT evenly over the area to be treated. BO-RID SEMI-SOIL STERILANT should be applied before growth starts to take advantage of early season moisture in the soil.

GENERAL VEGETATION CONTROL: To control most annual and perennial weeds for extended periods of time on non-cropland such as UTILITY, HIGHWAY, PIPELINE and RAILROAD RIGHTS OF WAY, PETROLEUM TANK FARMS, LUMBER YARDS, STORAGE AREAS, DRAINAGE DITCHES, and INDUSTRIAL PLANT SITES, apply BO-RID SEMI-SOIL STERILANT at 200 pounds per acre. A repeat spot treatment may be required where a longer period

(REVERSE SIDE - Continued)

of control is desired. Second year spot treatment is usually satisfactory following a first year thorough application.

IMPORTANT

Do not apply to locations from which BO-RID SEMI-SOIL STERILANT may be washed or moved into contact with roots of valuable plants. Apply with care to prevent drift of dry powder onto valuable plants or cropland. Do not contaminate irrigation ditches or water used for domestic purposes. Keep from contact with fertilizers, insecticides, fungicides and seeds. Do not use spreaders with which BO-RID SEMI-SOIL STERILANT has been applied for spreading insecticides, fungicides and fertilizers. Thoroughly clean application equipment after use to prevent possible contamination of selective herbicides subsequently used. Do not drain or flush spreader near lawns, valuable trees or other plants or on areas into which their roots may extend.

NOTICE TO BUYER - Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

CAUTION

KEEP OUT OF REACH OF CHILDREN

May cause irritation of eyes, nose, throat and skin. Avoid breathing dust. Avoid contact with skin, eyes and clothing. Harmful if swallowed. Avoid storage near feed and food products. Do not reuse empty container. Destroy or discard in a safe place. Do not burn.
