Pour DESTRUXOL WEED KILLER "A" into water. AGITATE THOROUGHLY. Where sprayer is not equipped with mechanical agitator, use undiluted. Thoroughly wet the undesirable plants.

USDA Reg. No. 192-50

WEED KILLER "A"

FOR CONTROL OF
**MUSTARD, RAGWEED, PLANTAIN,
NETTLE, FOXTAIL, BERMUDA AND
JOHNSON GRASS, RUSSIAN THISTLE**

CAUTION

Do not spray when the wind or breeze will cause the mist to drift onto desirable plants. Avoid excessive skin contact. Wash contacted areas with warm water and soap. Do likewise with sprayer if used for other than weed-killing.

This product is intended for areas where it is desired to get rid of undesirable top growth. It will kill all green growth. Retreatment may be necessary when new growth appears. Do not use in areas where it may cause injury to desirable crop, or ornamental plants.

NON-WARRANTY

Effectiveness depends on application by user and manufacturer makes no warranty as to results of use.

ACTIVE INGREDIENT

Petroleum hydrocarbon 100%
